

MAY MORNING, VOL. XXXIX, JUNE 19, 1920.

FINANCIER: CLOSES: CAREER

Well-Known Banker Succumbs

George W. Perkins. One of the best-known American heads of banking. He was active in many large enterprises, and was keenly interested in the affairs of the country.

GEORGE W. PERKINS DIES.

Financier Succumbs Following an Illness Contracted in France.

(BY A. P. NIGHT WIRE.)
NEW YORK, June 18.—Funeral services for George W. Perkins, who died today in a sanatorium at Stamford, Conn., were held Sunday afternoon from the Presbyterian Church in the city. The body arrived here tonight and was interred in the family plot in Woodlawn Cemetery.

Mr. Perkins, an active member of the board of directors of the American Bankers Association, was one of the nation's leading financiers. He was born in 1854 and died at the age of 65. He was a member of the board of directors of the American Bankers Association and the board of directors of the American Trust Company. He was also a member of the board of directors of the American Express Company and the board of directors of the American International Corporation. He was a member of the board of directors of the American Bankers Association and the board of directors of the American Trust Company. He was also a member of the board of directors of the American Express Company and the board of directors of the American International Corporation.

INSISTS AMERICA NEEDS MCDONOUGH

FEDERAL RESERVE BOARD PREDICTS COAL SHORTAGE.

Industrial Output Next Winter in All Lines Will be Curtailed, Says Report; Strikes Are Blamed.

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 18.—A coal shortage next winter which may curtail production of iron and steel and seriously affect other industries is foreseen by the Federal Reserve Board in its review tonight of business, industrial and financial conditions for May. The situation already is acute in some districts, according to the board, and production in many lines is being held down.

Production of coal is being curtailed, chiefly as a result of strikes, which still continues over a large section of the country. The board estimates that the coal supply at mines in the East is only 30 per cent of normal. Labor difficulties, while complicating the situation, are considered by the board as only a minor cause of reduced coal production.

PARTIAL REMEDIES.
Efforts of shippers on the Great Lakes to facilitate movement of coal by pooling their shipments are regarded as only a partial remedy. In the Southwest, according to the review, many mines are operating at only two-thirds capacity. Coal shipments to other countries are reported to be in danger. No reduction of coal prices is in sight, the board says. Competing on the far-reaching effect of the car shortage and freight congestion, the Reserve Board states that the "transportation tie-up" is largely the result of the railroad strikes.

Little hope for a general reduction of prices is held out, though the board suggests that changes in price that have taken place may furnish the basis for a more far-reaching alteration in the essential price structure.

WATER-POWER BILL A LAW.
Measure of Great Importance to Pacific Coast Signed by President.

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 18.—The water-power development bill, ten years in the making, finally has become law. Announcement that President Wilson had signed the measure prior to June 11 was made today at the White House.

At the same time it was announced he had failed to sign the joint resolution repealing most of the wartime laws and the Underwood resolution providing for negotiations with Canada relative to the embargo on the shipment of wood pulp to the United States. Another bill which failed to receive the President's approval would have authorized the War Department to transfer motor equipment to the Department of Agriculture for road construction and other work.

FOUR DESTROYERS ARE TAKEN FROM MEXICO.
WASHINGTON, June 18.—Withdrawal of four of the six destroyers from Mexican gulf ports was ordered today by the Navy Department. The others, with the tender Des Moines, will remain for the present. One destroyer will be kept on the West Coast of Mexico. The transport Henderson, which took a company of marines to Key West, also was ordered north and the marines will be used in relief of detachments stationed in San Domingo and Haiti.

ALBANIANS KILL PRISONERS.
Slaughter Occurs at Tirenna, According to Belgrade Dispatches.

(BY CABLE AND ASSOCIATED PRESS.)
GENEVA, June 18.—Three hundred and thirty Italian prisoners have been killed by infuriated Albanians at Tirenna, according to a telegram from Belgrade quoting reports reaching that city. It is said the Albanians attributed the assassination of Essad Pasha, former provisional President of Albania, in Paris early this week, to Italian intrigue.

CONSTANTINOPLE, June 18.—British troops, which are confronted by Turkish Nationalist forces on the Imdid peninsula, in Asia Minor, southeast of Constantinople, are well entrenched and well supported by the British fleet in the Gulf of Imdid and in the Bosphorus. For this reason, no apprehension is felt that the Nationalists will attack this city.

Inmates of the Armenian orphanage at Imdid have been brought here, under the protection of Miss Sophie Holt, an American worker. Many other refugees have also arrived from the Asian side of the Bosphorus.

WORRIED OVER BOYCOTT.
RUSSIA, June 18.—The National Assembly and the people generally are concerned over the proposed international boycott by

DR. DERCUM CONFIRMS STORY OF PRESIDENT'S INCAPACITY.

(EXCLUSIVE DISPATCH.)
PHILADELPHIA, June 18.—"It is true that President Wilson has been very sick," said Francis X. Dercum, one of his physicians, today. "But that he is well on the road to recovery is indicated in that for a long time he has been doing hard work attending to state matters and holding Cabinet meetings."

Dr. Dercum was asked to comment upon a story in the New York World today written by a correspondent who had spent four hours with the President.

The tenor of the report was that, although the Chief Executive is still weak from his long confinement, he has progressed remarkably. The implication is made, however, that the President is not fully recovered and is inclined toward weakness in the left side as the result of partial paralysis.

"The general impression given by the newspaper story is correct," was the comment of the physician when asked about this. But he did not care to comment on specific parts of the report.

"While the report is not written from the physician's standpoint, it is correct," he added.

The implication made by the writer of the New York story was such as to leave the reader with little doubt of the President's extreme weakness, and that all is not yet well with the patient.

The writer used the words "not completely paralyzed" and "not completely restored," and repeated the word "completely" in numerous points as to whether the President had been so seriously ill that complete recovery is a matter of doubt.

WILSON KEEN FOR BATTLE.

Illness Fails to Daunt His Spirit, Asserts Exclusive Interviewer.

(BY A. P. NIGHT WIRE.)
NEW YORK, June 18.—President Wilson's nine months of illness have neither daunted his spirit nor impaired in the slightest degree his splendid intellect, according to the New York World, which today published a copyrighted interview of its Washington correspondent with the President.

Within the last two months, the President has gained more than twenty pounds and his ultimate complete recovery is assured.

The correspondent says the long discussion of current topics and issues showed that the President "expressed himself with characteristic Wilsonian vigor."

He told the correspondent, in discussing the political campaign, that the League of Nations was the dominant issue and he expected the Democrats at San Francisco to repeat his challenge for a referendum on the League. The issue is "too deep for political sculduggery," the President is quoted as saying.

SHRINE COWBOYS ARRIVE.
First Delegation for Convention Reaches Portland With Whoop and Bang.

(EXCLUSIVE DISPATCH.)
PORTLAND, June 18.—Forty-two Pendleton cowboys, mounted and wearing the full regalia of the plains, invaded Portland today, the first organized delegation to come for the Shrine convention. Their "yip yip" resounded in Shrine headquarters and the boys from the sagebrush promised to supply some thrills during the coming week.

Many advance representatives of various delegations are already in the city and registration offices will open when the first of the sixty-seven special trains will arrive. Individual headquarters are being decorated and prepared for the delegations.

Although the Los Angeles Shriners will be housed at the B'nai B'rith Club, their headquarters will be at the Multnomah Hotel.

No end of entertainment features are being prepared. They will begin Monday, the day before the real opening of the convention, and continue day and night throughout the week.

EVERYTHING'S FREE.
Automobile rides over the Columbia River highway will play a big part in the entertainment. Four thousand machines will make the trip daily to Eagle Creek, forty miles from Portland, where permanent eating camp will be pitched, featuring sea foods. Everything will be free.

There will be many entertainments by outside temples, and every night all of the large dancing halls in the city have been engaged for the Shriners. More than fifty Shrine bands will attend from all parts of the country. A progressive parade of these bands is planned.

A horse show will be staged nightly at the Multnomah Hotel, giving away Wednesday night for a parade. California will be well represented in this show. From Santa Barbara will come Mrs. Martha Dendridge Bevers with her fine string of mounts, and also Tom Mason's string, including the champion, Thelma, Reel, Lindsay, English and Pasadena, all bringing thoroughbreds.

GREAT ROSE FESTIVAL.
Thursday, the last day of the Shriners meet will merge into the first day of the Rose Festival, which will continue through Friday. The festival has been especially planned this year for the pleasure of the Shriners. The big electric parade adapted to the Shrine idea, will take place on Tuesday night and will be the greatest Friday night parade in the city. The main event of the festival, will be held Thursday afternoon. It promises to eclipse any parade of previous festivals. Four park blocks have been converted into a fairland of lights and flowers, and an open-air showing of Portland roses will be held there throughout the week.

There will be a constant round of teas, dinners and receptions for the thousands of wives of Shriners who will attend. For the men, some rather more stimulating entertainment is arranged, including boxing smokers on Monday and Thursday nights. Johnny Shepard and Harry Schuman will headline the first Schuman taking the place of Benny Leonard, who had to cancel the match because of his injury. Mike O'Dowd and Battling Ortega will be the feature offering of the second.

REFUSAL TO RUN NOT ACCEPTED BY CLUB IN ILLINOIS

(BY A. P. NIGHT WIRE.)
CHICAGO, June 18.—This telegram, signed by members of the executive committee of the William G. McAdoo-for-President Club of Illinois, was sent to Mr. McAdoo tonight:

"We have read your telegram to Mr. Shouse and do not feel that the situation is changed in any degree. From the first you have stated that you were not a candidate in any sense of the word, but that, if the nomination came to you unsolicited, acceptance would be a duty."

"It is upon this plain statement of principle that the Progressive Democrats of the country have proceeded and will continue to proceed. Your personal wishes cannot be permitted to weigh against the welfare of America. Of all the men in public life you are most fitted to grapple with the tremendous problems that face us. This consideration moves and guides us, even as it will move and guide the delegates at San Francisco. The Democratic party must give its best, not only in platform but in candidate."

HOOVER CALLS FOR PARTY SOLIDITY UNDER HARDING

Duty of the Leaders of All Wings to Work from Within and With the Organization, He Declares.

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 18.—Indorsing in the main the action of the Republican National Convention at Chicago, Herbert Hoover, in a letter to friends made public today after he had conferred with Senator Harding, the Republican Presidential nominee, called upon all elements of the party to support the national ticket at the polls.

Mr. Hoover declared that the "greater part of the Chicago platform is constructive and progressive," and that "nothing prevents the compromise plank on labor, the compromise plank on immigration, and the compromise plank on the League, etc., from being given a forward-looking interpretation."

He added, however, that "some things, including a reorganization of our election expenditures and the primaries, are not adequately dealt with in a forward-looking interpretation."

"Nothing could be more disastrous," he continued, "than the development of several party organizations representing the compromise plank on labor, the compromise plank on immigration, and the compromise plank on the League, etc., from being given a forward-looking interpretation."

He added, however, that "some things, including a reorganization of our election expenditures and the primaries, are not adequately dealt with in a forward-looking interpretation."

VOLSTEAD ACT
FIGHT PLANNEDDelegates Favor Revision, Says
Edwards's Manager."Millions Are Being Made
Criminals," Statement.New Jersey Party Leaves for
the Coast.

(BY A. P. DAY WIRE.)

CHICAGO, June 18.—Walter W. Vick of New York, campaign manager for Gov. Edwards of New Jersey, in Chicago today on his way to San Francisco, declared that there would be "not less than 100 delegates" in the Democratic National Convention in favor of a modification of the Volstead Act, permitting the use of light wine and beer in such States as wish to do so, with State control of regulation under a general and liberal Federal act.

Opposition to the Eighteenth Amendment is not today a political issue, Mr. Vick's statement said, but the Volstead Act is open to amendment, as has been pointed out by Gov. Edwards and by such a distinguished Republican authority as Senator Knox of Pennsylvania.

"The Volstead Act is so extreme that it has placed in the criminal class millions of women who make the home grown fruit light wines for domestic use, sufficient for farmers who make and mature older from their own orchards. It places under a ban millions of our citizens who, for generations, have regarded light wine and beer as much a part of their daily food as the bread upon their tables."

MOONSHINING GROWS.

"But consequences have followed the enactment of this unwise and undemocratic law. Moonshining has grown twentyfold. It is coming down out of the mountains into the plains and even into the towns and cities. Disrespect of the law and the bribery of State and Federal agents of enforcement are everywhere in overwhelming evidence. In place of the harmless light wines and beers we have the increasing use of the harmful liquors in illicit trade."

"The Democratic party is going to call a halt on this and rescue the country from the hands of a fanatical minority whose numerical weakness is shown every time they attempt a separate fight. The platform will be clear, fundamentally democratic, progressive, and I hope, brief. It will embody one sentiment which ought to be taught in every schoolhouse in the country. That is respect for the President of the United States."

DELEGATES LEAVE.

(BY A. P. DAY WIRE.)

NEWARK, June 18.—Gov. Edwards, a candidate for the Presidential nomination on the Democratic ticket, did not accompany the New Jersey delegates on their special train today for the Democratic convention at San Francisco. Plans were made for a number of stops during the trip, principally at the Grand Canyon and in Southern California.

Gov. Edwards later announced that he expected to leave for San Francisco about the middle of next week.

CALIFORNIA OIL LAND
PATENT IS REFUSED.HONOLULU COMPANY CANNOT
HAVE PROPERTY INTERIOR
DEPARTMENT SAYS.

(BY A. P. DAY WIRE.)

WASHINGTON, June 18.—Application of the Honolulu Consolidated Oil Company for patent to 5600 acres of Southern California oil land was denied today by the Department of Interior.

The land falls within the area of the public domain withdrawn from entry in 1909, and Secretary Payne held that the company had not met the conditions of withdrawal, stipulation which required evidence of "diligent prosecution of work" to find oil prior to withdrawal.

Bourbon Advance Guard at San Francisco.

Trainloads of Democrats Are Arriving at the Mole.

From left to right, O. P. Newman, State of Washington whip; E. G. Hoffman, Hoosier Democrat; Frank B. Lord, another Washington party whip, and J. Bruce Kremer of Montana, the latter slated to call the convention to order, with a likelihood that he will be made permanent chairman.

STEAMER WEST JESTER RESCUES
SEVENTY PASSENGERS FROM SHIP
KIYO MARU, BURNING IN ORIENT.

(BY CABLE AND ASSOCIATED PRESS.)

TOKIO, June 17.—Heroic work by the officers and crew of the American steamer West Jester outside Yokohama harbor resulted in saving the Japanese steamer Kiyo Maru with seventy passengers from South America on board, from possible total destruction by fire, it is announced in advices received from Kobe, whither the Kiyo Maru was bound.

The Kiyo Maru, which left Valparaiso April 3 and San Francisco May 15, carrying nitrate and a miscellaneous cargo, took fire in a storm at sea not far from Yokohama as she was steaming for Kobe. She sent out SOS calls and the American steamer responded.

Despite the dangerous seas running the West Jester crew launched boats, succeeded in getting men on board the Kiyo Maru, and helped extinguish the flames. They carried the women and children on board out of danger. One of the lifeboats of the American steamer was burned through taking fire while alongside the blazing Kiyo Maru.

The West Jester sailed from Portland, Or., on May 23 and was bound for North Chinese ports.

DETROIT NOW FOURTH CITY.

(BY A. P. DAY WIRE.)

WASHINGTON, June 18.—Detroit, with a numerical increase and rate of growth larger than Chicago's and second only to New York's during the last ten years, is now fourth largest city of the country, displacing St. Louis and outranking Boston, Cleveland, Baltimore and Pittsburgh, all of which were larger than the Michigan city ten years ago.

Detroit's 1920 population, announced today by the census bureau, is 927,789, an increase of 527,973, or 134.4 per cent.

Other census figures announced were: Cleveland, 736,935, increase 336,173, or 42.1 per cent. Lynchburg (Va.) 39,950, increase 452, or 1.5 per cent.

CLEVELAND IS FIFTH. Detroit is the only city of 100,000 or more which has more than doubled its population in the last ten years.

Cleveland also with a large increase has outstripped St. Louis and Boston and takes rank as fifth largest city of the United States. Its increase during the last ten years has been exceeded only by New York, Chicago, Detroit and Los Angeles.

With the announcement of the population of Cleveland and Detroit the definite ranking of the country's eighteen largest cities has been established. New York and Chicago

remain first and second, respectively. Philadelphia is the only one of the eighteen whose 1920 population has not been announced, but it is not likely that the Pennsylvania city's rank as third largest in the country will be changed. Detroit is now fourth, followed by St. Louis, Baltimore and Pittsburgh, all of which were larger than the Michigan city ten years ago.

LOS ANGELES' ADVANCE. Los Angeles, with a largest rate of growth, advanced from seventh rank to tenth and displaced Buffalo, as well as attaining the honor of being the largest city West of St. Louis. San Francisco retained eleventh rank and Buffalo dropped from tenth to twelfth, while Milwaukee was forced into thirteenth place.

Washington moved from sixteenth to fourteenth position, displacing Newark. N. J., which dropped into fifteenth place, and Cincinnati, thirteenth largest city in 1910, now ranks as sixteenth.

New Orleans, through the advance of Los Angeles and Washington, was forced from fifteenth rank to seventeenth position, while Minneapolis retained its rank as eighteenth largest city.

THEODORE BELL SAYS
WET FIGHT TO COME.

ANTI-DRYES TO MAKE AN AS-
SAULT IN DEMOCRATIC CON-
VENTION, HE ASSERTS.

(BY A. P. DAY WIRE.)

SAN FRANCISCO, June 18.—A campaign for modification of the Volstead prohibition enforcement act is to be made before the Democratic national convention.

Theodore Bell, San Francisco attorney, representing organized California wine producing interests, announced today: "The fight not only will be made before the committee, but before the convention," Bell said today. "I understand a slight wine and beer league, composed entirely of individuals not interested directly in the grape or liquor business, has been formed to press a modification of existing enforcement acts before both the committee and the convention. I will appear personally before the committee as a representative of the organized grape and wine interests."

Bell believes the convention will not ignore anti-prohibition proposals.

SENATOR FALL WILL
SPEND SUMMER HERE.

(EXCLUSIVE DISPATCH.)

WASHINGTON, June 18.—Senator Fall of New Mexico, chairman of the committee investigating Mexican affairs, left here today for Los Angeles, where he will join his family. The senator will reside at the Ansonia Apartments for the summer. It is his intention to rest until the opening of the political campaigns.

GREAT BRIDGE SPAN SHIPPED.

(BY A. P. DAY WIRE.)

GARY (Ind.) June 18.—The second largest bridge span ever produced here, 564 feet in length, required a series of cars to transport, was shipped yesterday by the American Bridge Company to Fairbanks, Alaska, to join the Sushina River, connecting Fairbanks and Seward.

DELEGATES BOOK TO
FLY TO CONVENTION.AIRSHIP ROUTE GIVEN FIRST
ININGS AS ADJUNCT TO
PARTY GATHERINGS.

(BY A. P. DAY WIRE.)

Maybe the Democrats are not beginning to feel slightly about their party's prospects, but it was noted with interest yesterday that a number of the local delegates to the show at San Francisco have already booked passage to the bay by airplane. Their trip will mark the first use of the airship as a political convention adjunct, despite the large amount of loose atmosphere always available at such gatherings.

G. H. Seward, resident manager of the California Aerial Transport Company, who has been in the story building, reported the bookings and declared that it may be necessary to run the airship, the eight-passenger commercial plane operated by the company, in "extra sections" before the convention rush is over.

The Avion has been in service between Los Angeles and San Francisco since April 17. She has made twenty-five round trips. The scheduled running time from here to the bay is five hours. The airship recently made the trip by the sky route and thereby his faith in the commercial possibilities of aviation was cemented.

Mr. Seward is the first aerial passenger ticket agent ever appointed in the United States.

POLITICIANS FAVOR
ISSUE ON LEAGUE.

REPUBLICANS AND DEMOCRATS
LOOK WITH FAVOR ON NEW
CAMPAIGN QUESTION.

By Joseph Peckles.

WASHINGTON, June 18.—President Wilson's insistence upon the League of Nations as the leading campaign issue, as stated in an interview published today, brought expressions of satisfaction from Republicans and Democrats.

Senator Fall of New Mexico, Republican, said: "I have been hearing this sort of thing for eight years. This was a perfectly natural thing for the President to do. He said that the President has pointed the way for the Democratic platform makers at San Francisco. He expressed his belief that the President did not mean that no reservations should be favored."

SENATOR KING'S IDEA. "The Republican platform inevitably made the issue when it declared against the League of Nations," said Senator King, Democrat. "The platform was a negation of the moral forces which have united our civilized nations. It was likewise reactionary as to domestic policies. President Wilson recognized this and with remarkable precision placed his finger on the issues thus made. The American people do not believe in the concept of free nations of the world. They believe in the League of Nations and they believe in the League with some reservations, which will not destroy its effectiveness. I know President Wilson is leaving the door open for reservations. He approved the Hitchcock amendment, which is an unconditional ratification. The interview points clearly the course of action for the Democrats to follow at San Francisco. There is no question in my mind, but that they will adopt a progressive platform."

SENATOR WALSH SAYS. Senator Walsh of Montana, Democrat, said: "I am delighted to know that the President is showing such vigor. It will be exceedingly gratifying. I know the delegates at San Francisco to have this information. Those of us who have had the benefit of conferring with President Wilson in the past realize the value of sagacious insight and public-mindedness and the earnestness of his desire to subvert the public weal."

Senator McNary of Oregon, Republican, said: "There is one phase of this interview with which I am familiar. As a member of the subcommittee investigating the League of Nations, I have had an opportunity to observe the operation of the League of Nations, under the provisions of the Lever Food Control Act."

"I agree," said Senator McNary, "that the League Act is an excellent piece of legislation, but it was a Republican Congress that passed it. It was a Republican Congress that stood ready to back the Attorney-General in his activities to lower the cost of living."

McADOO STARTS
RUSH OF BOOMS.

Some Think Withdrawal May
Mean Wilson Again.Experts Believe President is
to Dictate Platform.Friends of Gov. Cox See Hope
for Their Candidate.

BY JAMES McCRACKEN.

(EXCLUSIVE DISPATCH.) WASHINGTON, June 18.—Withdrawal of William G. McAdoo from the Presidential race immediately following the publication of President Wilson's interview with Louis Seibold of the New York World, in which he refrained from declaring himself out of the running caused a flurry of excitement tonight over the possible renomination of the President.

While none of the administration spokesmen came forward with a plea for the President's selection there was an undercurrent of talk among both Democrats and Republicans that today's developments point to the possibility of such action.

A boom for the nomination of Senator Carter Glass of Virginia, former Secretary of the Treasury, was kindled by a group of McAdoo men as soon as word was received that Mr. McAdoo had positively declined to permit himself the presentation of his name to the San Francisco convention.

Joseph Shouse, Assistant Secretary of the Treasury, was active in promoting the Glass boom.

Senator Glass already has received the endorsement of 10 Virginia delegates to the San Francisco convention, but it was understood that his vote would be swung to McAdoo.

That the Glass strength might now be used in bringing about the renomination of President Wilson was regarded as significant by the McAdoo men, who are first of all advisers and supporters of their candidate.

Palmer boom, all wrapped up in both balls, but ready for instant use. As an ex-Presidential preacher, he is also expected to take along an abiding faith that the big things at the convention will not be altogether free from designation—or predestination, to say the least.

Register, Grover and Receiver Mitchell of the local Land Office will also join the caravan. They are understood to be ready to parade with the McAdoo supporters.

U. S. Commissioner Long will also be there and Collector of Customs Walker, who will start north about the 24th.

TO GREET VISITORS. Arrangements are being completed by Mayor Snyder and the city of San Francisco to entertain hundreds of delegates and visitors to the Democratic convention who are expected to begin passing through the city the latter part of next week. One delegation from the Atlantic Coast is reported to number 400 men, the party select some wives and families and friends.

Many persons in this party are members of Congress. They will be taken for trips to the harbor and the proposed site of the Submarine Base.

Mayor Snyder will not leave for San Francisco until after his conference here with Secretary of the Navy Daniels, which is scheduled for next Friday. The Mayor will treat many of the Congressmen as possible before he leaves and the Navy Department workers abroad. He will also be in the city headquarters established, as has been done for the visiting Shriners.

The Mayor plans to address the convention at San Francisco and to invite those delegates who have not visited Los Angeles to do so on their return trip. He believes that the convention will thus prove of great value in making Los Angeles known to thousands who have never been here.

FEDERAL SQUAD
TO TREK NORTH.Eight of the Ten Are to be in
Convention Crowd.City Preparing to Welcome
Hundreds of Delegates.Mayor Will Invite Bourbons
to Stop on Way Home.

BY JAMES McCRACKEN.

(EXCLUSIVE DISPATCH.) WASHINGTON, June 18.—Eight of the ten members of the local federal brigade, according to present plans, are to attend the Democratic National Convention at San Francisco. The prospective absentees are U. S. District Judge Trippett and Postmaster Brown. The others of the faithful will, for the most part, get an early start at the job of warming up seats on the McAdoo bandwagon.

Collector of Internal Revenue Carter will be absent from his office Monday and will slip away to San Francisco between games of the Pacific Coast Baseball League. As a second of unofficial bulleting officer for his brother job-holders of Los Angeles, he will be on the ground early to look after hotel accommodations. For himself, it is understood, he has already secured private quarters within four blocks of the convention.

U. S. District Judge Bledsoe has decided he will be there or thereabouts, despite any handicaps that may carry because of the address he made in favor of Herbert Hoover.

Marshal Walton is going to the city to rub elbows with the folks from home, down in the rain belt, and to polish up memories of the political work of 1913, in which Congressman Kettner and Church had a hand and which resulted, among other things, in giving the marshal a desk in the Federal Building.

U. S. Dist. Atty. O'Connor will carry north with him his office Palmer boom, all wrapped up in both balls, but ready for instant use. As an ex-Presidential preacher, he is also expected to take along an abiding faith that the big things at the convention will not be altogether free from designation—or predestination, to say the least.

WILL PRESIDENT BE CANDIDATE?
Actions of Wilson, McAdoo Cause Speculation.
Party Leaders Unwilling to Commit Selves.
Lewis Sees Open Hint to the Delegates.

BY GRAFTON WIDCOX.
[EXCLUSIVE DISPATCH.]
CHICAGO, June 18.—Has Woodrow Wilson, through his statement issued today, definitely placed himself as bidding for the Democratic nomination? Is he to seek a third term in order to make of himself an inseparable issue with that of the League of Nations? Or is he to bring it home from Paris? Mr. Wilson says:

"I have not raised my hand or voice to aid in the promotion of any ambition for the Democratic Presidential nomination, and I shall not do so."

If not, why, with the convention almost at hand, nominees galore pleading for consideration, and the delegates on their way, did the President, in referring to the question of candidates, again fail to say: "I am not a candidate?"

And why, on the heels of the President's appeal through the New York World, organ of his administration, for a Democratic party endorsing his attitude on the League of Nations, did William G. McAdoo, the President's son-in-law and foremost of the candidates, issue an open telegram absolutely withdrawing from the Presidential nomination contest?

LEADERS ARE WARY.
Those questions were agitating Democratic leaders yesterday after Mr. Wilson's interview outlining the position the Democratic party would take on the issues of the campaign had been published throughout the country. Some of the party leaders, although already to say so publicly, were convinced that the President had good reason for refusing to declare himself out of the nomination contest.

Their feeling that Mr. Wilson earnestly hoped the party would renominate him at San Francisco was converted into a conviction last night with the announcement of Mr. McAdoo's telegram to former Assistant Secretary of the Treasury Shouse declaring that he would not accept the Democratic nomination under any circumstances.

Some of the friends of Mr. McAdoo, viewing his admission to delegates not to vote for him in the light of the White House utterance of today, declared they believed Mr. McAdoo still thinks that his distinguished father-in-law wants the San Francisco nomination for himself. These Democrats, not all of them favorable to McAdoo, do not believe that Mr. Wilson could get a two-thirds majority at San Francisco. Although not certain that the convention meeting in convention to ratify Wilson policies, they could not believe that it would submit to a Wilson renomination, the upsetting of the third term tradition and to a break in the party solidarity, which a third term nomination would mean.

CANDIDATES NAMED.
When asked who then might be nominated, they answered variously, suggesting Vice-President Thomas H. Marshall, Gov. Cox of Ohio, John W. Davis, West Virginia, Ambassador to England, Secretary of State Bainbridge Colby, and various others, who are on the long list of aspirants.

Few Democrats could be found who wished to commit themselves publicly to the Wilson candidacy. Not so, however, as Senator James Hamilton Lewis of Illinois, a candidate for Vice-President, who sees in the President's statement an open hint to the convention to nominate him and to let him lead his own fight with the League issue paramount.

"The country," said Mr. Lewis, "is of the mind that now is the time to settle the issue of the League of Nations, either by the judgment of the people against it, or by the question decided as to whether the country is ready for departure from the old policy of isolation for which Mr. Wilson's doctrine calls."

"If the nation votes with the Republican platform the country will accept it as closing the demand in America for a League of Nations."

"In this connection there appears to be a conviction on the part of some that the President himself should be nominated and carry his own issue as he presented it in the interview published yesterday."

MARYLAND SENATOR HARDING BOOSTER.
PROMPT ANSWER TO PRESIDENT.
Harding Accepts Challenge to Take Up League Issue.
Hoover Heartily Indorses the Convention Choice.
Gov. Sproul Congratulates National Candidate.

[BY A. P. NIGHT WIRE.]
WASHINGTON, June 18.—Senator Harding, Republican Presidential nominee, today answered President Wilson's challenge to make the peace treaty the dominant issue in the coming campaign with a statement that the Republican party would "gladly welcome a referendum on the question of the foreign relationship of this republic."

The Republican candidate further replying to the President's declaration that "the Republican attitude of peace and national unity will be overwhelmingly indorsed."

Mr. Harding's assertions, made to newspaper men at his daily conference, were closely followed by a statement by Herbert Hoover, one of the Senator's rivals for the nomination, in which he declared that the Chicago convention and urging all Republicans to support the national ticket.

HOOPER'S STATEMENT.
Mr. Hoover issued his statement after a breakfast conference with Senator Harding, arranged by the latter. The conference was held in the Senator's office, and was explained, was part of the nominee's general plan of meeting party leaders to learn their views and bring together into a harmonious organization the various party groups.

The former Food Administrator in his statement said the Republican platform for the most part was constructive and progressive and the economic plank on which it was based as well as on a number of other subjects were susceptible to a "forward-looking interpretation."

Some issues, including reorganization of election expenditures and the primaries, he added, were "not adequately dealt with," but the development of several party organizations built upon several individual viewpoints would be disastrous.

Gov. Sproul of Pennsylvania, who was one of the candidates for the Republican nomination, in a letter received today congratulated Senator Harding and assured him of his support.

GOV. SPROUL PLEADED.
"It is needless to tell you," Gov. Sproul wrote, "that I am pleased with the whole situation and that you will have my devoted services in any way in which they may be useful."

A similar letter also was received from Franklin MacVeagh, former Secretary of the Treasury, who asked the Senator to "accept the hearty and loyal good wishes of a beaten Woodrow Wilson."

"My guess is," said Mr. MacVeagh, "that your attitude on the campaign, from the beginning, will show that progressives of the Wood stripes are easily included in your political sympathies, and that as a candidate, and subsequently as President, you will stand as a progressive conservative, which is near as need be to the resultant of the opposing tendencies of the party."

VIEWS OF SMITH.
Representative Smith of Idaho who discussed reclamation with Mr. Harding today said after his visit that "Senator Harding spoke enthusiastically of the development of land and he is very much in favor of it."

For the first time since last Monday when he played a round with Senator Elkins, Representative Smith of West Virginia, and E. S. Scooby of San Antonio, Tex., and R. B. Creager of Brownsville, Tex.

Senator Harding spent much of the day in conferences regarding plans for the campaign.

A conference with Henry M. Daugherty, his campaign manager, related almost entirely to plans connected with the formal notification ceremonies. Announcement was made, however, that nothing final had been decided.

ACTION ON MONDAY.
Definite action on a number of subjects is expected to be taken Monday at a conference with the nominee will have with a committee appointed at Chicago, and composed of Chairman Hays, National Committee, A. T. Hart, Kentucky; Jacob L. Hamon, Oklahoma; C. D. Hilles, New York; Ralph E. Williams, Oregon, and former Senator John W. Weeks of Massachusetts.

Senator Harding had planned to leave Washington tomorrow for a vacation before going to his home in Marion, O., but his plans were changed today and it was said the vacation trip might be abandoned.

Certain friends of the Senator were understood to believe, that in view of the numerous conferences in prospect, it would be more advisable for him to remain in Washington until he goes home.

DELEGATES TO FIND CLEAN SAN FRANCISCO
[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, June 18.—Orders for a complete survey of conditions in San Francisco with regard to gambling, illicit liquor selling and other criminal enterprises, in order that a thorough clean-up might be effected before the Democratic National Convention, were issued by Chief of Police D. A. White here today.

He withdrew the sergeant who headed the moral squad and put a captain in his place. It was announced that during the convention there would be no vacations and no days off for the police.

VETERAN ENGINEER KILLED.
[BY A. P. DAY WIRE.]
OMAHA, June 18.—William Roden, veteran engineer, was killed today when a St. Louis-Omaha train was derailed near Silver City, Iowa. None of the passengers were hurt.

Mexicans off for Beet Fields.
[BY A. P. DAY WIRE.]
EL PASO, June 18.—Three railroad coaches carrying 150 Mexican laborers to sugar beet fields of Colorado, Wyoming and Kansas left here today. The Mexicans are part of 800, who arrived at Juarez, Mexico, to be sent to sugar beet farms of the north.

LEADERS ARE WARY.
Those questions were agitating Democratic leaders yesterday after Mr. Wilson's interview outlining the position the Democratic party would take on the issues of the campaign had been published throughout the country. Some of the party leaders, although already to say so publicly, were convinced that the President had good reason for refusing to declare himself out of the nomination contest.

Their feeling that Mr. Wilson earnestly hoped the party would renominate him at San Francisco was converted into a conviction last night with the announcement of Mr. McAdoo's telegram to former Assistant Secretary of the Treasury Shouse declaring that he would not accept the Democratic nomination under any circumstances.

Some of the friends of Mr. McAdoo, viewing his admission to delegates not to vote for him in the light of the White House utterance of today, declared they believed Mr. McAdoo still thinks that his distinguished father-in-law wants the San Francisco nomination for himself. These Democrats, not all of them favorable to McAdoo, do not believe that Mr. Wilson could get a two-thirds majority at San Francisco. Although not certain that the convention meeting in convention to ratify Wilson policies, they could not believe that it would submit to a Wilson renomination, the upsetting of the third term tradition and to a break in the party solidarity, which a third term nomination would mean.

CANDIDATES NAMED.
When asked who then might be nominated, they answered variously, suggesting Vice-President Thomas H. Marshall, Gov. Cox of Ohio, John W. Davis, West Virginia, Ambassador to England, Secretary of State Bainbridge Colby, and various others, who are on the long list of aspirants.

Few Democrats could be found who wished to commit themselves publicly to the Wilson candidacy. Not so, however, as Senator James Hamilton Lewis of Illinois, a candidate for Vice-President, who sees in the President's statement an open hint to the convention to nominate him and to let him lead his own fight with the League issue paramount.

"The country," said Mr. Lewis, "is of the mind that now is the time to settle the issue of the League of Nations, either by the judgment of the people against it, or by the question decided as to whether the country is ready for departure from the old policy of isolation for which Mr. Wilson's doctrine calls."

"If the nation votes with the Republican platform the country will accept it as closing the demand in America for a League of Nations."

"In this connection there appears to be a conviction on the part of some that the President himself should be nominated and carry his own issue as he presented it in the interview published yesterday."

MARYLAND SENATOR HARDING BOOSTER.
PROMPT ANSWER TO PRESIDENT.
Harding Accepts Challenge to Take Up League Issue.
Hoover Heartily Indorses the Convention Choice.
Gov. Sproul Congratulates National Candidate.

[BY A. P. NIGHT WIRE.]
WASHINGTON, June 18.—Senator Harding, Republican Presidential nominee, today answered President Wilson's challenge to make the peace treaty the dominant issue in the coming campaign with a statement that the Republican party would "gladly welcome a referendum on the question of the foreign relationship of this republic."

The Republican candidate further replying to the President's declaration that "the Republican attitude of peace and national unity will be overwhelmingly indorsed."

Mr. Harding's assertions, made to newspaper men at his daily conference, were closely followed by a statement by Herbert Hoover, one of the Senator's rivals for the nomination, in which he declared that the Chicago convention and urging all Republicans to support the national ticket.

HOOPER'S STATEMENT.
Mr. Hoover issued his statement after a breakfast conference with Senator Harding, arranged by the latter. The conference was held in the Senator's office, and was explained, was part of the nominee's general plan of meeting party leaders to learn their views and bring together into a harmonious organization the various party groups.

The former Food Administrator in his statement said the Republican platform for the most part was constructive and progressive and the economic plank on which it was based as well as on a number of other subjects were susceptible to a "forward-looking interpretation."

Some issues, including reorganization of election expenditures and the primaries, he added, were "not adequately dealt with," but the development of several party organizations built upon several individual viewpoints would be disastrous.

Gov. Sproul of Pennsylvania, who was one of the candidates for the Republican nomination, in a letter received today congratulated Senator Harding and assured him of his support.

GOV. SPROUL PLEADED.
"It is needless to tell you," Gov. Sproul wrote, "that I am pleased with the whole situation and that you will have my devoted services in any way in which they may be useful."

A similar letter also was received from Franklin MacVeagh, former Secretary of the Treasury, who asked the Senator to "accept the hearty and loyal good wishes of a beaten Woodrow Wilson."

"My guess is," said Mr. MacVeagh, "that your attitude on the campaign, from the beginning, will show that progressives of the Wood stripes are easily included in your political sympathies, and that as a candidate, and subsequently as President, you will stand as a progressive conservative, which is near as need be to the resultant of the opposing tendencies of the party."

VIEWS OF SMITH.
Representative Smith of Idaho who discussed reclamation with Mr. Harding today said after his visit that "Senator Harding spoke enthusiastically of the development of land and he is very much in favor of it."

For the first time since last Monday when he played a round with Senator Elkins, Representative Smith of West Virginia, and E. S. Scooby of San Antonio, Tex., and R. B. Creager of Brownsville, Tex.

Senator Harding spent much of the day in conferences regarding plans for the campaign.

A conference with Henry M. Daugherty, his campaign manager, related almost entirely to plans connected with the formal notification ceremonies. Announcement was made, however, that nothing final had been decided.

ACTION ON MONDAY.
Definite action on a number of subjects is expected to be taken Monday at a conference with the nominee will have with a committee appointed at Chicago, and composed of Chairman Hays, National Committee, A. T. Hart, Kentucky; Jacob L. Hamon, Oklahoma; C. D. Hilles, New York; Ralph E. Williams, Oregon, and former Senator John W. Weeks of Massachusetts.

Senator Harding had planned to leave Washington tomorrow for a vacation before going to his home in Marion, O., but his plans were changed today and it was said the vacation trip might be abandoned.

Certain friends of the Senator were understood to believe, that in view of the numerous conferences in prospect, it would be more advisable for him to remain in Washington until he goes home.

DELEGATES TO FIND CLEAN SAN FRANCISCO
[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, June 18.—Orders for a complete survey of conditions in San Francisco with regard to gambling, illicit liquor selling and other criminal enterprises, in order that a thorough clean-up might be effected before the Democratic National Convention, were issued by Chief of Police D. A. White here today.

He withdrew the sergeant who headed the moral squad and put a captain in his place. It was announced that during the convention there would be no vacations and no days off for the police.

VETERAN ENGINEER KILLED.
[BY A. P. DAY WIRE.]
OMAHA, June 18.—William Roden, veteran engineer, was killed today when a St. Louis-Omaha train was derailed near Silver City, Iowa. None of the passengers were hurt.

Mexicans off for Beet Fields.
[BY A. P. DAY WIRE.]
EL PASO, June 18.—Three railroad coaches carrying 150 Mexican laborers to sugar beet fields of Colorado, Wyoming and Kansas left here today. The Mexicans are part of 800, who arrived at Juarez, Mexico, to be sent to sugar beet farms of the north.

Edison Produced an ART
—not a machine.
—In listening to a New Edison RE-CREATION of the voice of a famous artist, you lose all consciousness of any presence but that of the living artist.
—all thought of the instrument is submerged in the marvelous realism achieved.
—this was the fact that so strongly impressed a committee of famous university psychologists who recently heard the "Realism Test" of

The NEW EDISON
Come in and let us demonstrate the New Edison to you—or we will gladly send the instrument to your own home for a test.

FITZGERALD MUSIC CO.
HILL STREET AT 727-729

The World Today
By AUSTIN O. MARTIN,
Vice-President First National Bank of Los Angeles.

The Pacific Electric Railway is making an application to the Railroad Commission of California for an increase in fare. The Pacific Electric also has announced plans for the construction of an elevated railroad to take the traffic off of the downtown streets and bring passengers into its Sixth and Main Street Station from the rear. Both applications vitally affect the future of Los Angeles.

During the month of May the Pacific Electric carried on the northern lines running out of the Sixth and Main Street Station and along Aliso Street, 1,070, 525 passengers, both ways.

Should an elevated be built back of the Sixth and Main Street Station, H. B. Titcomb, vice-president of the Pacific Electric, estimates that an average saving of time of six minutes per day would be made to these people, or a total saving of time to the people of 12 years, 4 months, 29 days, 12 hours and 30 minutes each month. On the southern lines, where 1,078,308 people were handled during the same time, a similar saving will be made.

Now it is a fact that the West should no longer look to the East for all of the money to be invested in our development, nor will the East look to Europe, as foreign nations are staggering under their own indebtedness, and we have become a creditor nation.

We must, therefore, to a considerable extent, take care of our own needs with our own money, and the earnings of Western companies, and the franchises under which they operate must be such that we ourselves can, when the time comes, buy the bonds and furnish the money with which our own traffic conditions can be worked out.

For that reason, whatever the outcome, we should approach the traffic question in a broadminded manner.

The banks are not a party to the controversy and are interested only to the extent that the whole city is interested.

Both the First National Bank and the Los Angeles Trust and Savings Bank, through their Savings Departments, pay interest upon funds as they accumulate, and the Bond Department of the Los Angeles Trust and Savings Bank offers the best investments in Southern California. Pacific Electric bonds may come day on this list.

Look ahead and think it over.

Is Your Skin Ablaze With Fiery Itchings?
Don't Continue to Suffer Because of Wrong Treatment.
At last science has determined the real source of all skin diseases, and with this enlightenment comes the reason why the prevailing treatment heretofore used has proven such a complete failure. It has been proven that impurities in the blood cause millions of tiny disease germs to set up their attack on the surface of the skin, and in the form of pimples, boils, scaly eruptions and itchy, burning irritations, begin their disfiguring and destructive work.
Being in the blood, these disease germs can be reached only through the blood, and local applications have no effect whatever. That is why salves, ointments, lotions, washes and other remedies applied to the skin can do no more than give a merely temporary relief. Soon the fiery itching breaks out again, for such treatment cannot reach the source of the trouble.
If you want genuine relief from the torture of skin diseases, loss of time in discarding all local remedies, and begin taking S. S. S. today and you will be delighted with the results.
You can get S. S. S. at any drug store, and if you write to our physician he will gladly give you full instructions about your own case. Address: Medical Director, 604 Swift Laboratory, Atlanta, Ga.—(Advertisement.)

MILK AND CREAM
SATISFACTION GUARANTEED

WELL CRIME
STILL MYSTERY.

Is Murder Yet Far
Of, Says Official.

and Chauffeur
Minutely.

Picked Up Girls in
the Streets.

June 18.—Solution
of the mystery surrounding the murder
of Elwell, the chauffeur, was minutely
examined by the coroner's jury.

There were but three keys to the
house so far as the coroner knew, Mrs. Lar-
sen told Mr. Swann, and these were
kept by Elwell, Rhodes and herself.

both would be detained formally as
material witnesses.

Rhodes told Dist. Atty. Swann the
person who killed Elwell "must have
been a jealous man or woman."

Rhodes said it was a custom of
Elwell to accost girls and women up-
on the street and invite them to ride
in his automobile.

The chauffeur told Swann he had driven Elwell
and various women about frequently,
and that one of the companions of the
tourman on these trips was the
mysterious "Miss Wilson."

Mrs. Larsen, who was examined
at length, testified she had told all
she knew about the case. She ad-
mitted she had removed the lingerie
from Elwell's room while the police
were downstairs the morning of
the shooting, but said she concealed
the articles "simply because they
were women's things." She declared
she saw no weapon and that she
never knew of a "gun being kept in
the house."

Mrs. Larsen said she never had
seen Victor von Schlegel in the
house. Von Schlegel is the divorced
husband of Viola Kratoch, one of the
members of the party with which
Elwell dined the night before he was
shot.

There were but three keys to the
house so far as the coroner knew, Mrs. Lar-
sen told Mr. Swann, and these were

TRAFFIC LEAGUE
MEETS IN EAST.

Higher Railroad Rates Must
Mean Improved Service.

Needs of Lines Set Out in
Committee Reports.

"Commercial Bribery" Comes
Before Gathering.

(EXCLUSIVE DISPATCH.)
PHILADELPHIA, June 18.—In-
creases in both freight and express
rates were advocated in reports of
committees at the opening session
of the summer meeting, National
Industrial Traffic League, held in
the Bellevue-Stratford. More than
200 traffic representatives of com-
panies and trade organizations
throughout the country are attend-
ing. W. H. Chandler, manager of
the traffic bureau, Boston Chamber
of Commerce, is president.

In return for increased rates the
league went on record as demand-
ing better service, setting forth that
the railroads of the country need
today:

"An additional supply of cars, lo-
comotives and other equipment;
more adequate and extended ter-
minal facilities, with such improve-
ment and betterment of existing
terminals as will enable them to
care for the present increased flow
of business without delays and con-
gestion; a better rehabilitation of
other railroad properties of all de-
scriptions to cope with the move-
ment of current and future busi-
ness."

The report of the committee on
rate construction and tariffs as-
sured the members that prompt ac-
tion in the matter of simplifying
tariff schedules would be taken
now that the railroads are in the
hands of their owners.

TO ERADICATE "BRIBERY."
Legislation to eradicate "com-
mercial bribery" was the subject of
a portion of the report of the com-
mittee on legislation. The chair-
man, E. S. Pavkett, San Antonio,
stated that he had conferred with
Representative Enoch C. Volstead
regarding proposed laws on this
matter. It was brought out that to
determine the line at which ordi-
nary courtesy ceases and bribery
begins was exceedingly difficult. The
plan would have to be subjected to
further study before definite action
could be taken.

The league, as advocated in the
report of the Executive Commit-
tee, voted to appoint a committee
to investigate the progress of the
thirty terminal committees, or-
ganized through the efforts of the
league and having as members on
each group representatives of the
Interstate Commerce Commission,
the railroads and the league. This
investigation is expected to make
uniform the work of the commit-
tees in speeding up shipments and
generally improving terminal ser-
vice.

Other committees which reported
were those on car demurrage and
storage, bills of lading, classifica-
tion, baggage, coastwise shipping,
inland waterways and freight
claims. At today's session, which
ended the convention, the following
committees were heard from: Cham-
ber, railroad leases and side-
track agreements, transportation
instrumentalities, membership, or-
ganization, weighing and rate re-
lations.

both would be detained formally as
material witnesses.

Rhodes told Dist. Atty. Swann the
person who killed Elwell "must have
been a jealous man or woman."

Rhodes said it was a custom of
Elwell to accost girls and women up-
on the street and invite them to ride
in his automobile.

The chauffeur told Swann he had driven
Elwell and various women about frequently,

person who killed Elwell "must have
been a jealous man or woman."

Rhodes said it was a custom of
Elwell to accost girls and women up-
on the street and invite them to ride
in his automobile.

The chauffeur told Swann he had driven
Elwell and various women about frequently,
and that one of the companions of the
tourman on these trips was the
mysterious "Miss Wilson."

Mrs. Larsen, who was examined
at length, testified she had told all
she knew about the case. She ad-
mitted she had removed the lingerie
from Elwell's room while the police
were downstairs the morning of
the shooting, but said she concealed
the articles "simply because they
were women's things." She declared
she saw no weapon and that she
never knew of a "gun being kept in
the house."

Mrs. Larsen said she never had
seen Victor von Schlegel in the
house. Von Schlegel is the divorced
husband of Viola Kratoch, one of the
members of the party with which
Elwell dined the night before he was
shot.

There were but three keys to the
house so far as the coroner knew, Mrs. Lar-
sen told Mr. Swann, and these were
kept by Elwell, Rhodes and herself.

both would be detained formally as
material witnesses.

Rhodes told Dist. Atty. Swann the
person who killed Elwell "must have
been a jealous man or woman."

Rhodes said it was a custom of
Elwell to accost girls and women up-
on the street and invite them to ride
in his automobile.

The chauffeur told Swann he had driven
Elwell and various women about frequently,
and that one of the companions of the

CHAIRMAN IS
ON THE GROUND.

Higher Railroad Rates Must
Mean Improved Service.

Needs of Lines Set Out in
Committee Reports.

"Commercial Bribery" Comes
Before Gathering.

(EXCLUSIVE DISPATCH.)
PHILADELPHIA, June 18.—In-
creases in both freight and express
rates were advocated in reports of
committees at the opening session
of the summer meeting, National
Industrial Traffic League, held in
the Bellevue-Stratford. More than
200 traffic representatives of com-
panies and trade organizations
throughout the country are attend-
ing. W. H. Chandler, manager of
the traffic bureau, Boston Chamber
of Commerce, is president.

In return for increased rates the
league went on record as demand-
ing better service, setting forth that
the railroads of the country need
today:

"An additional supply of cars, lo-
comotives and other equipment;
more adequate and extended ter-
minal facilities, with such improve-
ment and betterment of existing
terminals as will enable them to
care for the present increased flow
of business without delays and con-
gestion; a better rehabilitation of
other railroad properties of all de-
scriptions to cope with the move-
ment of current and future busi-
ness."

The report of the committee on
rate construction and tariffs as-
sured the members that prompt ac-
tion in the matter of simplifying
tariff schedules would be taken
now that the railroads are in the
hands of their owners.

TO ERADICATE "BRIBERY."
Legislation to eradicate "com-
mercial bribery" was the subject of
a portion of the report of the com-
mittee on legislation. The chair-
man, E. S. Pavkett, San Antonio,
stated that he had conferred with
Representative Enoch C. Volstead
regarding proposed laws on this
matter. It was brought out that to
determine the line at which ordi-
nary courtesy ceases and bribery
begins was exceedingly difficult. The
plan would have to be subjected to
further study before definite action
could be taken.

The league, as advocated in the
report of the Executive Commit-
tee, voted to appoint a committee
to investigate the progress of the
thirty terminal committees, or-
ganized through the efforts of the
league and having as members on
each group representatives of the
Interstate Commerce Commission,
the railroads and the league. This
investigation is expected to make
uniform the work of the commit-
tees in speeding up shipments and
generally improving terminal ser-
vice.

Other committees which reported
were those on car demurrage and
storage, bills of lading, classifica-
tion, baggage, coastwise shipping,
inland waterways and freight
claims. At today's session, which
ended the convention, the following
committees were heard from: Cham-
ber, railroad leases and side-
track agreements, transportation
instrumentalities, membership, or-
ganization, weighing and rate re-
lations.

both would be detained formally as
material witnesses.

Rhodes told Dist. Atty. Swann the
person who killed Elwell "must have
been a jealous man or woman."

Rhodes said it was a custom of
Elwell to accost girls and women up-
on the street and invite them to ride
in his automobile.

price, \$5.00.

—Women's Khaki Coats, in three-quarter length. Hale's spe-
cial price \$6.50</

PRICE DECLINE IS UNDER WAY.

Gradual and General Movement Gathers Impetus.

Production is Increasing in Certain Directions.

Agriculture Still Suffering From Labor Shortage.

(BY A. P. NIGHT WIRE.)

NEW YORK, June 18.—Recent declines in the prices of a few commodities are not to be regarded as isolated instances, but are part of a gradual and general movement that has been under way for a considerable time, the National Bank of Commerce declared in a statement issued here today.

"It was not to be expected that the industrial community could maintain the high tension under which it had worked during the war years, and it is very doubtful whether maintenance of this tension would have been desirable," the statement said.

"Despite numerous and widespread complaints as to the unsatisfactory condition of production in the United States, the fact remains that since the recovery from the temporary hesitation following the armistice, this country has increased production in certain directions."

"A factor not to be overlooked is the increasing unemployment. In some districts large numbers of men are out of work as a result of disorganized transportation."

"This has been especially noteworthy in the coal regions and in the great centers of automobile manufacture. Refusal of the public to accept increased prices, or even to maintain the volume of purchases equal to that of recent months at the level of prices then prevailing, has reacted sharply on some sections of the textile industry, and on the garment trades. Considerable unemployment in these industries has resulted."

"The agricultural districts continue to suffer from labor shortage, but it is now believed that reasonably adequate help for the harvests will be secured. The agricultural outlook is on the whole quite favorable for the grain crops."

NEW YORK MAY STOP NONESSENTIAL WORK.

(BY A. P. NIGHT WIRE.)

NEW YORK, June 18.—The building subcommittee of the Mayor's Housing Committee announced today it would ask the State Legislature and the board of estimates to stop all construction on building considered nonessential, including office buildings. This would prevent the erection of several score huge office structures and a dozen or more new theaters, the committee said. It asks that the ban remain in effect until the housing shortage is relieved.

TARZAN
THE UNTAMED

By Edgar Rice Burroughs

The famous "ape-man" bids fair to rank with the great heroes of ancient legend in the affections of readers.

Here's the latest Tarzan story—the best yet. The marvelous instincts, the superhuman cunning and the brute strength of the jungle are marshalled against the "frightfulness" of modern warfare.

Romance, mystery, excitement, the lure of dark, impenetrable forests, weave an enchantment over the reader from which he is reluctant to emerge.

ARIZONA NEWS.

(SPECIAL CORRESPONDENCE.)

TUCSON (Ariz.) June 18.—Tranquillo Felix is in the County Hospital in Tucson, suffering from smallpox, yet stands accused by his wife of shooting her, at their home in Ajo, 140 miles westward. The dead happened while Felix was at the worst stage of his disease and while he was under care here. Yet the woman sticks stubbornly by her statement. She was not badly injured.

Through courteous co-operation of the police of Nogales, Son., there has been apprehension for the Sheriff of Santa Cruz county of two of the men who beat and robbed the Louisa Kase, Matagonia storekeeper, in his store on May 21.

The men accused of banditry call themselves the "Lancers" and are Manuel G. Ariza. There has been positive identification by Kang and his fellow countryman, who also suffered physically in the raid on the store. After the trial using revolvers for clubs they escaped into the Patagonia Mountains, chased for a while by citizens who used bloodhounds for trailing.

DETERMINED SUICIDE.

R. C. Dibble, late of Tucson, was found hanging from a small mesquite tree in the rear of the Florence Hotel, at Florence, in which he had been employed as a cook. Town Marshal Bailey stated that the suicide was a determined one, as the man had to double his knees to keep his feet from the ground.

At Bawty siding, near San Simon, two lads chose the railroad grade for a bed, and the ties for pillows. Thus they were struck by a projecting part of the first locomotive of the Santa Fe.

Report has been received that Capt. Carlos G. Calles, commander at San Luis, south of Yuma, and for the looting of that Mexican port. Mrs. Calles, the widow, is a resident of Tucson.

WINSLOW.

WINSLOW, June 18.—G. W. Wilson of Ranger, Tex.; F. Williams of Fort Worth and C. E. Garry of El Paso are being held here in connection with the capture of 2000 bottles of Sunnybrook whiskey and Gordon gin, which they were carrying westward over the Old Trail highway in a Cole eight and two large Studebakers. The loads came from El Paso and Columbus, N. M., and were destined to Phoenix or California point. The three, all of them young, have nominal bonds of \$100 each. The cars, under State laws, will be sold and the liquor will be destroyed. It is valued at from \$25,000 to \$50,000 at current bootlegger schedules.

PEORIA.

PEORIA, June 18.—Edgar Wagner, aged 11, used modern methods when he ran away from his home here. He made his way to Phoenix and there commandeered a large touring car in which he started, without money or food and with only a tankful of gasoline, to make his way to the Coast to visit an aunt who lives in San Diego. He went through Peoria at top speed, but was picked up at Wickburg, sixty miles to the northwest, where officers had been notified of the loss of the car, which had been taken from in front of a bank.

ROOSEVELT.

ROOSEVELT, June 18.—The Gila county authorities are investigating a number of incendiary cases in Northern Arizona. The upper ranch home of Jack Barber of Phoenix, on Deer Creek, has been burned. The bunk house on another ranch twice was fired, the second time successfully; the home of Mrs. Felix Land has been destroyed and five corrals have been burned in addition, many valuable saddle horses have been shot on the open range.

YUMA.

YUMA, June 18.—The Colorado has been falling very slowly from its peak height of 30.5 feet at the bridge and has lost only about eighteen inches. Much of this is believed due to further scouring of the river bed, the discharge still approximating 175,000 second feet. Word from upstream is that another rise is coming, though probably not equaling the peak flow, yet enough to cause a bit of uneasiness in the lowlands. Official advice is that very high water can be expected for about a week to come.

A week or so ago.

W. A. Chapman of the Somerton laundry received anonymous warning that his laundry would burn unless he discharged his colored employees. The warning proved prophetic, at night Mr. Chapman was aroused by the crackling of flames. He managed to get to the outer door with little of his possessions. The destruction was complete and the damage will not be covered by \$2000 insurance.

GLOBE.

GLOBE, June 18.—Much of the work here of Federal Judge Swartz has been in connection with violations of the prohibition laws. One defendant, Tex. Montgomery, was fined \$750, ten paid \$500 and a larger number \$100 each. The most notable of the cases was that of John Collier, who was sentenced to four years in Leavenworth prison and fined \$4000.

In connection with this case was a severe scolding given by the court to Attorney Frank McCann, alleged to have been with Collier when the latter was arrested by Federal agents, on a charge of having conspired to manufacture intoxicants. The attorney stated to the court he was unaware that liquor was being manufactured on the premises and that he had merely accepted an invitation to drink.

BISBEE.

BISBEE, June 18.—The Democrats of Cochise county have had a voluntary primary to express preference for a Presidential nominee. As far as returns have been received, McAdoo has a clear majority over all other candidates, with Marshall at the end of the list.

It is probable that Bisbee's mon-

ment to the state Dr. James Douglas will be a shaft of iron oxide, cut from the croppings of the ledge above the old Carr workings, in the lower part of the camp, from ground that was worked by Dr. Douglas in the pioneer days of the Copper Queen. The site of the monument is to be within the park in front of the Copper Queen offices.

Paul H. McOsker of the engineering force of the Copper Queen has been killed in the Dallas shaft, struck on the head by a descending cage. He had been working at the 800 level, plunging the shaft for treasure.

PHOENIX.

PHOENIX, June 18.—Former Gov. Hunt has started for his new post as Minister of the United States to Siam. He goes alone, Mrs. Hunt and their daughter to follow in the fall. He will not wait for the Democratic National Convention, but will sail from San Francisco June 22, on the steamship China. The trip will be far from direct and is expected to consume two months, for it will embrace Japan, Korea, Peking, Shanghai, Hongkong and Singapore, finally ending at Bangkok.

"I know Senator Harding personally," said Mr. Osborn, "and I believe he will make a great President."

Mr. Osborn supported Johnson for the nomination, but since Harding had won, would support the latter, he said, "that Senator Johnson's friends have given up the fight. But Johnson is a man who will not be kept down. We will hear from him again, I think."

OSBORNE BELIEVES

HARDING A WINNER.

CALIFORNIA CONGRESSMAN

PREDICTS EASY RACE

AHEAD.

(EXCLUSIVE DISPATCH.)

PORTLAND, June 18.—"Senator Warren G. Harding is strong today politically, but will be practically invincible when election time rolls around," said Henry Z. Osborn, Republican Congressman from California who arrived here Thursday enroute from Washington to Los Angeles. Mr. Osborn stopped in Portland to visit three nieces, Mrs. J. E. Strowbridge, Mrs. Blaine R. Smith and Mrs. Herbert A. McCutcheon.

"I know Senator Harding personally," said Mr. Osborn, "and I believe he will make a great President."

Mr. Osborn supported Johnson for the nomination, but since Harding had won, would support the latter, he said, "that Senator Johnson's friends have given up the fight. But Johnson is a man who will not be kept down. We will hear from him again, I think."

POLES' KIEV RETREAT

A MOVE IN STRATEGY.

(BY A. P. NIGHT WIRE.)

NEW YORK, June 18.—A Warsaw cablegram, dated today says: "Gen. Haller, chief of the general staff of the Polish army, declares that the retreat from Kiev was decided upon for strategic reasons, and was effected in perfect order without fighting. He praised the valor of the Ukrainians, who, under the leadership of Pavlenko and Bezoutchko, are co-operating with the Polish army. Gen. Haller declares that the local successes of the Bolshevik will have no permanent influence."

"In the region of the Beresina, the Bolshevik offensive was completely repulsed and the former Polish front almost completely restored."

Royal Decree Fixes Securities Price.

(BY CABLE AND ASSOCIATED PRESS.)

MADRID, June 18.—A royal decree authorizes official quotations of foreign securities on the Madrid bourse, with the previous approval of the government.

CARUSO JEWEL THIEF

INQUIRY IS STARTED.

(BY A. P. NIGHT WIRE.)

EAST HAMPTON (N. Y.) June 18.—"John Doe" inquiry into the \$500,000 jewel theft from the summer home of Enrico Caruso, noted tenor, began today.

The hearing was public, Mrs. Caruso was the first witness. She said she last had seen the gems Sunday morning, June 6, preceding the theft when, returning from New York, she locked up \$39,000 worth of jewelry she had been wearing. She fixed \$400,000 to \$500,000 as the replacement value of the missing trinkets, as quoted to her by her jeweler.

Mrs. Caruso declared her personal maid, and perhaps two other maids, knew where the keys to her jewel case were kept, but she said she did not believe George Fitzgerald, the Caruso's chauffeur, knew.

Asked whether the box could be opened without setting off the burglar alarm, she replied: "Well, I know I can, but I don't know about the others."

NEVADAN ON TRIAL

FOR KILLING RIVAL.

(BY A. P. NIGHT WIRE.)

HANFORD, June 18.—Taking the witness stand today in his own behalf, William J. Forbes, postmaster of Death, Nev., on trial here for murder, told how he killed Clarence R. Eaton, Visalia carpenter, a rival for his wife's affections. Forbes reiterated the confession he was alleged to have made to an Elko (Nev.) newspaper last February.

Forbes said at the time of the killing he was taking Eaton to Nevada in his automobile to face Mrs. Forbes. The two men had agreed that Mrs. Forbes was to take her choice between them. Between this city and Stratford the lights on the automobile went out and the pair got out to make repairs. As they stepped out Eaton rushed at Forbes with a screw driver and he shot and killed him, Forbes testified.

Letters written by Eaton to Mrs. Forbes inviting her to come and live with him were introduced by the defense.

DEATH POSTMASTER TESTIFYING ON OWN BEHALF, REITERATES CONFESSION.

(BY A. P. NIGHT WIRE.)

HANFORD, June 18.—Taking the witness stand today in his own behalf, William J. Forbes, postmaster of Death, Nev., on trial here for murder, told how he killed Clarence R. Eaton, Visalia carpenter, a rival for his wife's affections. Forbes reiterated the confession he was alleged to have made to an Elko (Nev.) newspaper last February.

Forbes said at the time of the killing he was taking Eaton to Nevada in his automobile to face Mrs. Forbes. The two men had agreed that Mrs. Forbes was to take her choice between them. Between this city and Stratford the lights on the automobile went out and the pair got out to make repairs. As they stepped out Eaton rushed at Forbes with a screw driver and he shot and killed him, Forbes testified.

Letters written by Eaton to Mrs. Forbes inviting her to come and live with him were introduced by the defense.

SATURDAY MORNING, JUNE 19, 1920.—PART II: 14 PAGES.

NAVY THREATENS TO LAND MARINES AT SAN PEDRO; SEIZE OIL BY FORCE.

INJUNCTION HALTS PLAN TO FUEL FLEET CHEAPLY.

General Petroleum Prepares to Fight Purported Effort of Government to Commandeer Product at \$1.11.

That the United States Navy has declared its intention to land marines at San Pedro and forcibly take a supply of fuel oil from the plant of the General Petroleum Company unless the company agrees to sell oil at a price to be fixed by the Navy Department was set out yesterday by Attorney Oscar Lawler, appearing in the United States District Court to file a bill of complaint against Commander John Mel of the Pacific Fleet and asking that Navy officers be restrained from taking oil from the company under an arbitrary agreement. Judge Bledsoe issued a temporary restraining order against the defendants, which is returnable Monday.

"It strikes me as a case of pure Wilsonian autocracy," said Attorney Lawler last night in commenting upon the case. "Commander Mel visited the offices of the General Petroleum Company in this city Wednesday, asked them if they stood ready to deliver a certain amount of oil at such time as it was needed by the fleet and stated that unless delivery was made he stood ready to land marines and take the oil by force. We took the matter into the United States District Court to determine whether this is a government of laws or a government of men."

Mr. Lawler says that before calling upon officials of the oil company, Pacific Fleet officers sent out a notice saying that they would need a certain amount of oil at certain points on certain dates, and that the Navy stood ready to pay a tentative price of \$1.11 per barrel for the fuel.

A. L. Well, attorney for the General Petroleum Company, and representing the officials of the company, stated over the long-distance telephone from San Francisco yesterday that the company is prepared to fight and will fight the Navy Department to a decision on the matter.

"It means simply that the Navy Department proposes to take over our oil at \$1.11 per barrel while we are paying \$1.48 per barrel for it in the field," declared Mr. Well. "The published market price for oil is \$1.40 per barrel, and in many instances the company is paying a bonus to the producer, bringing up the price of the oil in many cases to \$1.60 per barrel."

"We intend to see whether or not we have to deliver the oil to the Navy Department at the price the department is willing to pay," Admiral Rodman and the officers working under him state that they are taking their orders from officials at Washington, and I believe that

HARGRAVE TO ASK DIVORCE.

Wife in Mutilation Case is Reconciled to Plan.

"I Suppose That's the Only Way Out," She Says.

Feels Sorry for Jewell and for Husband, Too.

"He was good and kind to me. He came here and asked me what I thought ought to be done. I said I did not know. I had no hopes for the future, nothing but hope and fears. Then he said he thought it would be best to get a divorce. I suppose that's the only way out of it."

For the first time since the "vengeance mutilation" caused a sensation a month ago, Mrs. Helena M. Hargrave, wife of Leonard Hargrave, the avenger, yesterday told her side of the unique drama and disclosed the next move in the tragedy that wrecked two homes.

The woman's story is brief and simple. She says that for her there is little to say that there's very little but her children left for her. It is her husband's next move, and it was told, to be a divorce.

Three weeks ago, shortly after the mutilation by Hargrave of George Jewell, Mrs. Hargrave left the Hargrave ranch near Pomona and went to Long Beach, where she was found yesterday by the Times. There she has been living since in the sheltering seclusion of a private home, left alone to her thoughts and memories. The only rays of joy that came into her life, since the tragedy, were the letters she received daily from her children.

Every day, with religious regularity, she writes one to the little ranch house in the hills, where the children are. Esther, the youngest, is 14 years old, was with her yesterday.

"WAIT AND HOPE." A week ago Mrs. Hargrave and her husband divided their community property. Two days ago Mrs. Jewell, wife of George M. Jewell, the victim of the mutilation, and named Mrs. Hargrave in the case. There's nothing to do but wait and hope, she said.

Mrs. Hargrave says she will not make any effort to contact the Jewells. "I'll let him do what he thinks is best. I'm sorry for him, for he's worked so hard, and he has to look out for the children. He is a good man and I have faith enough in him to know that he'll do the right thing. Now, after I left the house because I could not bear it any longer. I could not sleep. I could not eat. I just kept on thinking. He did not want me to go. Two days before I finally left I got up at 4 o'clock, dressed, carrying a suitcase, to the car line. But he found it out and came after me and took me back home. But I just had to go, and here I am."

Mrs. Hargrave is a small woman—much smaller than her daughter Esther. She has had an interesting life—when she was young, she was born on the island of St. Helena, made famous by Napoleon's exile. Her father, a grizzled old sea captain from Nantucket, was in command of a whaler and left her mother on the island while he sailed the sea. Mrs. Hargrave was one month old when her father died, and she and her mother came to Nantucket, and when still a child she came to California.

She graduated from the Los Angeles High School in 1892, and went to teach school near Anaheim. There Hargrave met her. Now, after all these years he is to be turned out, with practically nothing, away from the place he helped develop and loved so much. Whatever was the past, he certainly suffered enough.

"What do you think of Mrs. Jewell's suit for divorce?" "I think that she certainly is entitled to it. If she wants it, and probably she will have no trouble getting it. But I do hope she will not turn him out of the house, even if he did sin against her and others."

"How do you feel about your husband's statement that he thought it best to get a divorce?" "There was a little tightening at the woman's throat. She hesitated for a little and then said: 'He, too, has to live. If he wants it, he can have it. I know any time he desires. I know he is trying to do the best thing under the circumstances. I think I know how he feels. I wish I could describe how I feel, but it's so hard. It is a combination of all sorts of emotions. Everything comes up at once. It's all bewildering, and the worst of all is that it all really happened.'"

Or Mrs. Jewell, the "other woman" in the case, Mrs. Hargrave had little to say. "She is a real smart, educated woman, but I do hope she will relent a little against Mr. Jewell. She can be so hard when she wants to. I know that."

Then Mrs. Hargrave excused herself. "I have to go and write a letter to the children. I know they'll miss it if I don't, and I don't know what I'd do without their letters."

Will Not Contest Separation Suit.

Mrs. Leonard Hargrave (left) and Her Daughter, Esther, 14 years old, snapped together on street at Long Beach yesterday.

CITY ATTORNEYS QUIZ P. E. HEADS ON BOOST.

APPLICATION FOR FARE RISE AND ZONING PLAN UP FOR DISCUSSION.

In an effort to learn exactly how the increase in fares applied for by the Pacific Electric Railway Company will affect the fares now paid by patrons living in Los Angeles and suburban cities and towns, a committee representing the City Attorneys' Association of Southern California yesterday met in conference at the City Hall with President Paul Shoup, General Manager Titcomb, General Passenger Agent G. A. Smith, and General Counsel Frank Karr of the company.

The officials said that within a few days a complete schedule of proposed fares will be issued. As proposed, a single fare round-trip ticket to Long Beach and Los Angeles Harbor district, including war tax, would cost about \$1, and to Santa Monica about \$1.50. At present, with special excursion fares to all beaches on Sundays and holidays.

Los Angeles is particularly affected by the proposed zoning under which the city is divided into red cars in the center of the city as far as Sunset Boulevard, then 7-cent fares to Gardena Junction, with 10-cent fares beyond this distance. Assistant City Attorney Jesse Stephens was chairman of the City Attorneys' committee, all the members of which pointed out to the railway officials that increased fares would mean decreased business and increased bus competition. President Shoup replied that the company would mean decreased business and increased bus competition.

PASADENA SHIES AT WAY TO GET WATER.

ROBERTSON'S REITERATION OF AQUEDUCT POLICY CAUSES COMMENT THERE.

PASADENA, June 18.—The statement by Howard Robertson, head of the Los Angeles Public Service Commission, that only such communities as are a part of Los Angeles can be served with water from the aqueduct is causing much comment here. There does not seem to be any sentiment in favor of annexation. "Pasadena should exhaust every local source of water supply before securing Owens River water if it entails annexation to Los Angeles," said A. L. Hamilton, chairman of the Pasadena City Commission today. City Commissioner J. J. Hamilton also expressed opposition to annexation.

The joint municipal and Chamber of Commerce committee just appointed to investigate the question of annexation the water supply declines to give its views at present.

NAMED ON EDUCATION BOARD. George C. Bush, Superintendent of the South Pasadena Schools, and Arthur Brown, principal of the McKinley school, were named by the Board of Supervisors yesterday as members of the County Board of Education to serve for two years.

Gossip Leads to Two Shootings; One Dead.

Jeweler's Wife Fails in Suicide Attempt; Other Woman, Fearful of Town's Wrath, Ends Life.

Mrs. T. R. Salas of Fillmore is dead from a bullet which she sent crashing into her brain late Thursday night when she was warned that a crowd of angry citizens was on the way to her home to warn her that she must leave the county.

Mrs. Frank Yearick, wife of a prosperous jeweler at Fillmore, is in the hospital at Oxnard, suffering from a serious wound, self-inflicted Thursday morning at 5:30 o'clock, when she could no longer endure the desperation with which she had been driven by jealousy aroused by gossip in the town concerning her husband's supposed friendship with Mrs. Salas. For some time the affair which ended in Thursday's double tragedy has been the subject of gossip in Fillmore. When it became known Thursday that Mrs. Yearick had attempted to take her own life because of it the citizens became aroused and a committee was selected to call on Mrs. Salas at her husband's ranch two and a half miles south of town, and tell her that her presence was no longer desired in the community. The crowd of Fillmore citizens started for the Salas home on their mission shortly before 6 o'clock Thursday night.

Mrs. Salas, apprised in some manner of the ordeal that was approaching, rushed into her bedroom and sent a bullet into her brain just as the Fillmore crowd was drawing near. She died instantly. She leaves a husband, a concrete contractor, and a daughter only 4 years of age.

Mr. Yearick was reached by telephone last night at the Oxnard Hospital. He would not discuss the case, other than to state that his wife, though seriously wounded, is not in a critical condition. Such information as the Fillmore police had given out, he said, should be ample. Mrs. Yearick is 25 years of age, and is the mother of three children, a boy aged 5 years, a girl of 4, and another boy 3 years old.

LOCK UP SWITCHMEN JURY.

Falling to agree after several hours' deliberation the jury in the case of the thirty-one "outlaw" switchmen charged with violation of the Lever Act was locked up for the night at 11 p.m. yesterday. In his argument in U. S. District Judge Bledsoe's court W. Fleet Palmer, Assistant United States District Attorney, traced what he termed the connection of each defendant in relation to the alleged conspiracy to cripple transportation through the strike here and in Bakersfield, Fresno, Colton and other cities, on April 8, up to the time the defendants were arrested and indicted by the Federal grand jury. Mr. Palmer declared that the testimony gave ample evidence of a conspiracy, since the defendants all moved in the same general direction simultaneously and to a common purpose.

The list of the defendants is as follows: R. V. Canaan, J. A. Crum, Edward Malone, A. B. Crosby, E. Christiansen, Frank Hedlin, L. R. Alford, W. J. McCarthy, H. A. Billa, W. F. Schaffner, A. E. Lawrence, C. L. Lefever, Guy A. Messick, A. N. Miller, M. W. Monahan, J. R. Morris, Norman Scott, R. C. Berry, Tienan, James Williams, William Boles, Henry J. Burns, C. C. Cornell, Henry W. Crumrine, Frank A. Cunningham, George W. Dunkum, Clarence Edwards, William G. Fannon, Harry Goodman, George Hasen and Clyde H. Lariz.

ENLIST IN GUARD.

Third Battalion Now Numbers One Hundred and Twenty-five.

With 125 men already enlisted, the third battalion of the reorganized California National Guard is on the way to fighting strength. The officers and men last night held an enthusiastic meeting at 4350 Hollywood Boulevard. Lieut.-Col. James McKnight, assistant Adjutant-General attended 14 speakers, including Maj. Henry F. Woodward, who will command the Hollywood unit when it is fully recruited. The members of the screen, Hollywood business and men who formerly served in the war-time army, comprise the membership.

GETS REWARD FOR ARREST.

U. S. District Judge Bledsoe yesterday made an order to pay Thomas O'Brien, \$750 as a reward for the arrest of Eddie Daley, who pleaded guilty to a violation of the Narcotics Law, and was sentenced to a year and a day in the Federal penitentiary at McNeil Island, and to pay a fine of \$2500. The reward was paid and O'Brien gets his share that is fixed by law.

FEAR NORTON'S MIND SHAKEN BY ILLNESS.

NATIONWIDE SEARCH STARTED FOR SCHOLAR MISSING SINCE FEBRUARY.

Believing that Henry K. Norton, secretary of the State Board of Immigration and Housing and formerly a practicing attorney in this city, who has been missing since February, is a victim of hallucinations caused by a recent attack of influenza and is wandering aimlessly through the Eastern States, his friends have started a nationwide search for him.

Mr. Norton was formerly president of the Caudron Club of Pasadena. He is an author and a noted scholar. Before entering the army he was a commissioned officer in the practice of law here. When last heard from in February he wrote to Mrs. Norton that he was leaving for New York on business. Since then he has dropped out of sight and Mrs. Norton for the past two months has been prostrated with grief at the home of her parents at Carmel-by-the-Sea, where she is now living with her two children.

Mr. and Mrs. Norton were always a very devoted couple," said Roy W. Rhodes, intimate friend of the family and former law partner of Mr. Norton, yesterday. "Though reports have been circulated that he probably left for the Orient, believing that if he was in the East he could find his way home, Mr. Norton is suffering from hallucinations, brought about by an attack of influenza, and does not know where he is or what he is doing. I doubt the theory that he might now be in the Orient, but I do believe he went East and is still there and is now in some eastern State."

"There have been no domestic troubles in Mr. Norton's family that would cause him to disappear intentionally. I am in constant communication with Mrs. Norton and she states she is most desirous of locating her husband. Efforts are now being made through nationwide investigations to locate him."

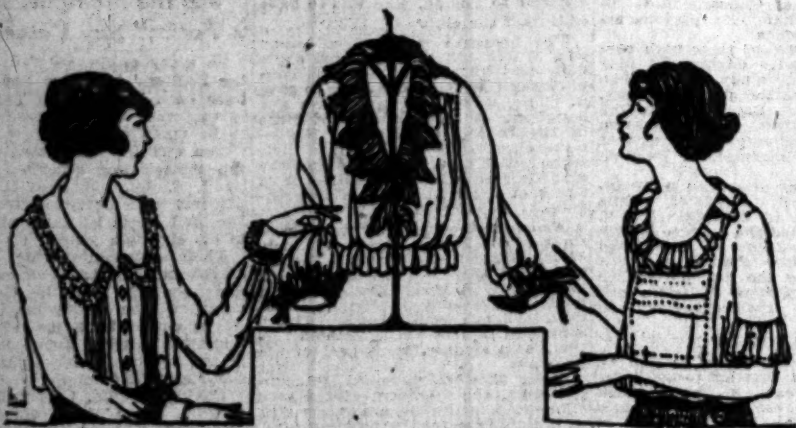

WILL CIRCULATE PETITIONS.
In order to assist the candidacy of Judge York, who is seeking reelection to the State Supreme Court, members of the Young Men's Club, organized to help Judge York, decided last night to circulate nominating petitions. The meeting was addressed by Judge Hanby, George Lyons, Carl Sturges, Frank Sprout and Kimball Fletcher. Club membership will no longer be restricted to only business and professional men.

TO TELL OF WORK.
Reports of the child welfare work in the Diocese of Monterey and Los Angeles, under the direction of the Bureau of Catholic Charities, will be made to the Catholic churches of San Diego, Sunday, by Rev. W. E. Corr, of 825 Higgins Building.

Head Father Corr will also all of arrangements made for the baseball game and entertainment to be given at Washington Park, July 19, to help pay the year's expenses in caring for homeless and needy children.

FLASHES.
HOUDINI TO FLY.
WOULD RETURN TO AMERICA VIA AIRPLANE, HE SAYS.
By Grace Kingsley.
A return trip from Europe via airplane is the feat announced to be undertaken by Harry Houdini, famous handcuff king, according to word just received from no less authority than Houdini himself. The letter was dated from the Grand Hotel in Glasgow, Scotland.
The announcement regarding the contemplated trip is to the effect that Houdini will start his air trip the 27th inst. from London, whence he will fly to Rome, he will go from Paris to Cherbourg July 3, leaving Cherbourg the 3rd to cross the Atlantic. However, he does say that he doesn't say how long he expects the trip to take, nor who is accompanying him. However, he does say that he expects to reach three months after he reaches home, before he begins his tour of the United States. He states that the past season has been the most successful in his history.
Having accomplished successfully so many difficult stunts, his friends here will not be surprised that Houdini is to take the long airplane trip. He is still under contract with Lasky to make pictures.
Attorney's Son to Wed.
Word of a wedding shortly to be solemnized in the film world came to light yesterday. Capt. Robert Rogers, son of Earl Rogers, the well-known attorney, and now a member of the Thomas H. Ince writing staff, is to marry Miss Marion Hunter, a daughter of the late Thomas H. Ince, who was a member of the Canadian Royal Flying Corps, and spent more than a year in France, where he performed distinguished service for the Allies. The romance began before he left France.
A party in honor of the bridegroom-to-be is to be given this evening at the Alexandria Hotel by his sister, Adele Rogers, St. John, and her husband, Ivan St. John. The guests will be Capt. Robert Rogers, Mrs. Rogers, Mrs. John, Mr. and Mrs. King Vidor and Mrs. Harry M. Taylor.
Famous Author Arrives.
Metro's procession of distinguished authors has begun the westward trek. In the vanguard arrived yesterday, E. V. Rieu, author of "The Story of the Canadian Northwest," who has attained international fame. Without stopping to take off his hat or rest the sole of his foot, Mr. Rieu at once went house-hunting in Hollywood with happy results, and he and his family will settle there for several months' stay. He means to study picture production from the angle, and, of course, his stories are to be put on the screen by Metro. They include "Two on the Trail," "The Sealed Valley," "Luck Chancy," "The Fighting Shepherdess," "The Substitute Millionaire." He is known to these writers largely because of his story of "Shirley Kaye," a comedy in which Elsie Ferguson starred. He will also write a number of original stories for the screen, to be produced by Metro.
Mr. Rieu obtained material for his picture "The Canadian Northwest" during several long journeys through Northwestern Alberta and the wilds of the Canadian Rockies. Incidentally he explored and described the least known stream in North America, the Hay River.
Low Cody May Talk.
Wallace Reid being called back to his film duties with the Lasky company, it is just possible that Low Cody may play the star role in "Kick-a-Butt" through nothing is definitely settled yet.
Morocco Monday.
Oliver Morosco is in San Francisco and is expected here on Monday. At that time it is likely he will have some important announcements to make.
Fairbanks Bulletin.
Graphic accounts of the departure for Europe of Douglas Fairbanks and Douglas Fairbanks are just at hand. They left on the Lapland, and Morosco came down to the pier for the express purpose of offering them \$10,000 for the privilege of filming scenes of their honeymooning aboard ship. The offer was refused.
Many friends brought gifts of flowers and fruit, while a well known author who shall be nameless here, brought one of his books for them to read while aboard, with a view to its being pictured. They said all right they read the book, but they didn't consider the book in the light of work, for they said they were going abroad to play, and nothing else.

REVISION PLAN BADLY BEATEN.
Federation of Women's Clubs
"Old Guard" Leads.
Mrs. Burdette, Pasadena, Not Plan's Author.
"Teas" Hurt the Women's Chances Politically.
[EXCLUSIVE DISPATCH.]
DES MOINES (Iowa), June 18.—The revisionists have the upper hand at the biennial convention of the General Federation of Women's Clubs, in session here, according to a statement made by a club leader. A wave of reactionary sentiment, said to be fostered by the "old guard" of the Federation, swept the sessions Friday, allowing the passage of only one clause of the proposed revision plan, that clause providing for the elimination of state secretaries.
As the plan for revision was presented by Mrs. "Bob" Burdette of Pasadena, chairman of the Revision Committee, there has been a mistaken impression that she was the author of the plan. This impression was corrected by Mrs. George Plummer, who told convention delegates that Mrs. Burdette was reasonable "only to the extent of giving seven months of her time and hundreds of dollars of her money to the revisionists, and the results of thousands of questionnaires which formed the basis for the proposed revision plan."
REVISION PLAN KILLED.
The plan for revision was killed by an overwhelming vote Thursday afternoon.
Mrs. Burdette was given an ovation at the press luncheon at which she was a speaker. Friday, she lauded the work of the press and paid tribute to her husband, known nationally as an editor and humorist.
Mrs. A. B. Griffith, Hollywood, chairman of the Kindergarten Department of the Federation, presided at a kindergarten conference this afternoon. Her exhibit of kindergarten work, which was on display at the fairgrounds, has attracted wide attention.
Notable speakers on today's program were Jane Adams, Hull House, Chicago, and Horace Mann Tower, joint author of the Sheppard-Towner Bill.
TEAS AND VOTES.
[BY A. P. NIGHT WIRE.]
DES MOINES, June 18.—Teas don't get votes, Mrs. Edward Frank, white house of chairwoman of the Civic Committee of the General Federation of Women's Clubs, said today at the biennial convention. She advised the women to "cut out the teas" if they expect to enter and continue in politics successfully.
"The teas at Chicago were one reason, I believe, why the men did not raise us women higher politically. All you heard among women was teas," Mrs. White said. "You don't get votes that way, and that is why the men count in a political organization."
"What does it mean to be a good politician? To be a man or a woman? To have many women can deliver the votes in their precincts? Until you can, you are not ready for the ballot and file of the political organization."
Mrs. White added she would rather be a man than a woman, and she had made good in that place, she would ask for something higher.
REPORT ON FIFTH.
Mrs. Guy Blanchard, in charge of the motion picture department of the federation, urged legislation generally for better exhibits of films.
A telegram from representatives of the motion picture companies was read, which said the producers realized the desire of the public for better types of pictures and were preparing to co-operate.
Delegates are talking continuously about the approaching election of officers for the federation. Supporters of Mrs. T. G. Winter of Minneapolis and Miss Georgia Bacon of Idaho, out of the running, are working to get the votes of unpledged state delegations. Both sides expect a close contest.
There is some talk of a dark horse candidate, however, if the balloting should have a dead lock. The election takes place next Tuesday.
Tonight's program was given over to discussion of the "old guard" of the federation. Among the speakers was E. U. Graf, Superintendent of Schools at Indianapolis. He was returned to the speakers' list.
SOLDIERS ARE SENT TO PATROL DULUTH.
"SHOT TO KILL" WARNING ISSUED AS REPORTS OF JAIL STORMING GROW.
[BY A. P. NIGHT WIRE.]
ST. PAUL, June 18.—Fearing a further outbreak at Duluth, where three negroes were lynched Tuesday, officers there appealed to Gov. Burnquist tonight to send troops to patrol the streets. Fourteen negroes are still in jail and threats have been made against them, it is said. The Governor ordered "C" battery today machine gun detachment to proceed to Duluth. They will arrive early tomorrow. The troops comprise 191 men and four officers. Sheriff Magie, over the telephone, told Adj. Gen. Rhinow here that he had received reports that a mob of about 100 men was in connection with an alleged assault upon a 17-year-old white girl at Duluth last Monday.
DULUTH, June 18.—Warning that troops and officers will "shoot to kill" should any attempt be made to storm the St. Louis County Jail tomorrow night was issued by officials tonight.
PORTLAND GETS LARGE SHIPMENT OF PETROL.
[BY A. P. NIGHT WIRE.]
PORTLAND (Or.) June 17.—Twenty thousand gallons of gasoline, the first of a daily supply of a corresponding amount scheduled to follow, will arrive in Portland tomorrow, according to C. L. Ross, chairman of a committee of automobile dealers.
Twenty-five tank cars, each with a capacity of 10,000 gallons, are on their way here from the south, Mr. Ross said.

PHOTO ROMANCE ENDS IN COURT.

Jane Novak, Cinema Star, Says Husband Was Cruel.

Called Her "Fool" and Upset Her Into Bathing.

He Tells Judge She's Famous; Would Throw Him Over.

The romance of a dainty blonde and a man who won the heart of an actor, who say in her type of a successful film actress and who later married her went to smash in Judge Cull's court yesterday. The girl is Jane Novak, cinema star, who sued Frank A. Newburg, also an actor, for divorce, charging mental and physical cruelty. Mr. Newburg defended the action. The case was submitted.

Mr. Newburg testified that he met the aunt of Jane Novak and saw a photograph of the girl and the aunt together.

"That is my niece," he said. "The would make a dandy movie-picture actress." Mr. Newburg testified. The result was a correspondence with Jane Novak and later marriage.

In court yesterday she claimed her husband called her names, followed her to and from the studio and tried to force her to have sex with him. She testified that she had to go to work three months before her baby was born, to get money to pay the doctor. He called her "a fool," she said. Once she had him arrested and claimed he was drunk.

Mr. Newburg testified he was not drunk and the officers released him. He did not strike and knock her into the bath tub, he said, but threw his arm to ward off what looked like a blow and accidentally struck her on the cheek. He said he succeeded in getting her more money as an actress. He denied he called her opprobrious names.

"He told me we were too close together all the time," he said, "and that one of us ought to take a trip somewhere. I could not afford to go to New York at that time. I admit in a business argument I told her she did not look at things like I did and that she did not have any sense."

He also said that while his wife was acting he often wanted the dishes and took care of the baby in an effort to help her out. The evidence showed that Miss Novak earns a salary of \$100 a week and has a net worth of \$100,000.

Donald Crisp, her director, says she has a great future. Miss Novak says she has earned \$24,000 during her married life and has a net worth of about \$12,000.

"The husband seems to want to take her back," said Judge Cull. "What do you say?" he asked the wife. She shook her head.

"I want to stay in the world," suggested Mr. Newburg. He told the court how he had made his wife a cinema actress.

"Now that she is up and I am down, she wants to get rid of me. I sacrificed my whole future in order to push her forward. I have been a good manager and a good husband. I have saved that woman commissions and expenses on her wardrobe; now she wants to throw me off."

WOMEN NEED NOT STAND IT

Lydia E. Pinkham's Vegetable Compound Surely Relieves Suffering and Pain. Here is Proof.

St. Paul, Neb.—"I suffered with periodical pain for about four years so that I was unable to do my work at times. A friend told me about Lydia E. Pinkham's Vegetable Compound and I took it. It soon stopped all my suffering so that I am now feeling fine in every way. I recommend your medicine to my friends who have similar troubles. You may publish this letter for the benefit of other women."—Mrs. Will Thomas, St. Paul, Neb.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record for being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who were free from suffering by its use.

Being an invalid, Mrs. Emilie Broadbeck, widow of Otto Broadbeck, a prominent banker who died several years ago, could not appear in court yesterday and bent word to Judge Jackson asking that he bring the court to her limousine in front of the house.

Beside the limousine judgment was given for Mrs. Broadbeck in a foreclosure suit. The defendant included Henry C. Kester and others.

WARN GROCERS IN SUGAR QUIZ.

Twelve Here Found to Have Charged More Than Rate Allowed by Board.

The inquiry conducted by Special Agent Wall of the Department of Justice, involving supposed profiteering on the part of a number of local grocers in the matter of the price of sugar, has been concluded. It disclosed that of the 102 grocers examined only twelve were guilty of charging more for sugar than the figure allowed by the rate-making board.

These were warned that they must desist and promised to do so.

HISPANO-AMERICANS HAVE BUSY MEETING.

INSTALL REGULAR OFFICERS AND ENJOY SPEECHES AND MUSIC.

Installation of officers of the Centro Hispano-Americano Society of California, an organization recently formed for the purpose of advancing the social relations of all people of Spanish-speaking countries who reside in Los Angeles, was held Wednesday night at Ramona Hall, South Hill street. Those who officially took their positions as miembros de la Mesa Directiva are Dr. A. R. Gomez, presidente; Gral. J. M. Gutierrez, vicepresidente; Lic. R. Gomez Robles, vice-presidente; Ing. A. de la Calle, secretario de actas; Prof. F. Sanchez Hernandez, prosecretario de actas; Dr. J. Z. Urbarru, secretario de finanzas; J. M. Estrugo, tesoro; Gral. Felix Ortega, ser. sindico; Prof. Encarnio Sein, 2do. sindico; Ing. A. Perez Gil, 3er. sindico; Antonio Zubieta, 4er. vocal; E. C. Theobald, 5to. vocal; Salvador Diaz, 6to. vocal; Flavio G. de Strickroth, 7o. vocal, and Francisco Navarro, 8o. vocal.

Interpreted through an elaborate musical program, addresses were delivered by Drs. Charles F. Lummia, Dr. G. A. Gomez, a prominent literary man of Mexico, and the various local consuls and vice-consuls of Spain, Cuba and other countries where the Spanish language is spoken.

The society was organized three months ago, by prominent Los Angeles physicians, teachers and literary men, the idea having originated at the banquet tendered to Blasco Ibanez, author of "The Four Horsemen of the Apocalypse," in February of this year.

More than 800 people were present at the Yvelde Llerena Musical Club, following the installation of officers.

INDUSTRY DIRECTORY ASSURED BY PLEDGES.

MEMBERS OF 100 PER CENT CLUB WILL FINANCE CLASSIFIED PUBLICATION.

Fifty-three of the largest firms and business establishments of Los Angeles were represented at a meeting of the One Hundred Per Cent Club, held yesterday in the clubrooms in the J. W. Hellman Building, at which funds were pledged to finance the publication of a classified business and industrial directory of the city.

This work has been undertaken in order to aid the city by helping to make Los Angeles known as a foreign and domestic trade center. The directory in contemplation will be alphabetically arranged under business classifications and no charge will be made to firms and individuals listed in its pages.

Officers of the One Hundred Per Cent Club are: Charles H. Coffey, president; Eddie J. Garner, vice-president; John A. Corbett, second vice-president, and Al A. Hoyt, secretary and treasurer.

WOMAN DRINKS POISON.

Tells Police with Dying Breath that Ill Health Caused Act.

Dependent over prolonged illness, Mrs. Jennie Baxter, a middle-aged matron, living at 457 Bernal street, drank two one-ounce bottles of bichloride of mercury in her home last night. She was rushed to the Receiving Hospital for treatment, but died a few minutes after she arrived there. In her few conscious moments she told the police that ill health was the cause of her act. Detectives are now trying to locate her husband, who was at work when his wife took her life.

INCOME TAX FALLS OFF.

Local Collections for Year's Second Quarter Less Than Last Year.

The local income tax collections for the quarter ending the 15th inst., according to the statement of Collector Carter, amounted to \$5,763, 216.79, which is a reduction of about two and one-half millions below the amount collected during the same period in 1919. There are still some collections yet to be made, and on these the legal penalties will be imposed.

There are several causes for the reduction in the collections—the drop of from 12 to 8 per cent, on the rate for the year; the income tax reduction of the excess profit tax from 60 to 40 per cent, and the elimination of the corporation war tax.

Twenty thousand more persons paid an income tax here during the quarter just closed than during a corresponding period last year.

COURT IN LIMOUSINE.

Judge Takes Law's Machinery to Invalid's Motor Car.

Being an invalid, Mrs. Emilie Broadbeck, widow of Otto Broadbeck, a prominent banker who died several years ago, could not appear in court yesterday and bent word to Judge Jackson asking that he bring the court to her limousine in front of the house.

Beside the limousine judgment was given for Mrs. Broadbeck in a foreclosure suit. The defendant included Henry C. Kester and others.

NOT GUILTY OF SILK THEFT.

Vester L. Best, a Southern Pacific Railway mail service employee, charged Friday, Education, he declared the Progressive Business Club, when he addressed them at a luncheon at the Roma Cafe. The Mayor also praised the police force, and urged members of the club to interest themselves in civic affairs, promising them that if they so county affairs will be efficiently administered by business men and not by professional politicians.

The next luncheon of the club, which will be held at the Roma Cafe next Friday, will be a very interesting one, as President McElroy of the Chamber of Commerce.

PRaises FIREMEN.

Mayor Talks at Club Luncheon and Praises Professional Politicians.

Los Angeles has a fire department that is 99 per cent efficient, and this efficiency will be reflected within six months or a year in a reduction of fire insurance rates for the city. That was the message which Mayor Snyder gave yesterday to the members of the Progressive Business Club, when he addressed them at a luncheon at the Roma Cafe. The Mayor also praised the police force, and urged members of the club to interest themselves in civic affairs, promising them that if they so county affairs will be efficiently administered by business men and not by professional politicians.

Elementary Teachers Vote to Withhold Contracts to Last Minute.

FIGHT FOR MORE PAY CONTINUED.

Grade Teachers Vote Not to Sign Contracts Yet.

Will not Quit, However, Even if Board Stands Pat.

Anxious to Avoid Any Breach With the Authorities.

That the salary fight being carried on by Los Angeles school-teachers is not yet over, but that steps toward a further readjustment of rise granted by the Board of Education are under way was made apparent yesterday afternoon when more than 2000 teachers of elementary schools at a mass meeting in Trinity Auditorium unanimously passed a motion to withhold for the present the signing of contracts for the coming year. It was contended that as there were twenty days in which to sign the contracts after being received by the teachers the withholding of signatures for that time would give the Board of Education time to make readjustments in the salary schedules. The motion was passed after several resolutions pertaining to the salary schedules had been adopted and after Wilhelmina Van de Goeborg, chairman of the Central Salary Committee, had made a thorough report of yesterday morning's conference with the Board of Education. The motion followed:

"That we approve and follow the suggestions of the Central Salary Committee and the Citizens' Survey Committee in avoiding an open breach with the Board of Education; second, that we withhold contracts for the present time in order that the Board of Education may be afforded an opportunity for further action."

WILL SIGN ANYWAY.

The fact, however, that the teachers will ultimately sign at the end of the twenty days allowed even though the Board of Education fails to make such adjustments was practically assured when the remarks of Miss Van de Goeborg, commencing the body of teachers for self-control and stating that Los Angeles teachers were not going to forsake their schools, were received with enthusiastic approval.

Miss Van de Goeborg advocated an undemonstrative watchful waiting program for the teachers, and said that she believed that such a cautious action would result in the end to the satisfactory adjustment of wage schedules by the Board of Education.

The elementary teachers officially expressed themselves as not being satisfied with the increase given to kindergarten teachers in another resolution, worded as follows:

"Resolved, that we express our sincere regret that the salary increase for kindergarten teachers has been so slight, and we hereby pledge ourselves to do all within our power to secure a further adjustment of the salaries."

(Signed)

Los Angeles City Teachers' Club.

Following the adopting of this resolution, Miss Van de Goeborg read in full the statement submitted by the central salary committee to the Board of Education, in which the general campaign for an increased wage schedule is outlined. In the document reference is made to the difficulties experienced by the Board of Education in making allowances for increases. It reads:

"The teachers of Los Angeles are united in a fight against a condition which hitherto has hampered the Board of Education, namely, lack of money for the support of education."

NO AGITATION.

In another part the teachers declare that their efforts to gain an amicable agreement with the board have been free of any revolutionary measures.

"The teachers have stated their case to the public, but that is all. They have not sought any affiliation, used coercion, nor heeded the lure of agitators."

A third resolution was adopted asking that provisions be made by the Board of Supervisors to change the tax rates to allow for an adequate salary increase.

County Superintendent Keppel in an address to the teachers strongly advised that they continue to go forward with their efforts to secure what they believed to be an adequate increase. In a definite analysis of modern living conditions encountered by the teachers with a salary increased to the extent ordered by the Board of Education, he declared that, instead of receiving an increase, the teachers were actually suffering a decrease in salary as compared to conditions of 1914. Prices for living commodities had mounted so high, he said, since 1914 that the value of the dollar is less than half what it was then. Comparing the salaries received in 1914 and those which are being paid to teachers at the present time, with the difference in the cost of living, he declared that the salary schedule stood at a decrease in some instances of hundreds of dollars per teacher.

SUPT. WOOD FOR TEACHERS.

Criticism of the Board of Education for not conferring with State, county and city superintendents on the salary schedule recently announced by the board was made yesterday at a meeting of the High School Teachers' Association which was addressed by State Superintendent Wood, County Superintendent Keppel, Supt. Rebok of Santa Monica and a number of faculty members. The meeting was held in Blanchard Hall at the same time the elementary teachers were holding a mass meeting in Trinity.

The reported break between the elementary and the high school teachers was denied and leaders of both bodies stated that they will stand together. A resolution calling upon the Board of Education to request the Board of Supervisors to levy a 50-cent tax rate for elementary schools and a 25-cent rate for high schools was presented by Supt. Rebok and was unanimously adopted. The teachers also petitioned the board to ask Mr. Wood to appear before them, as the head of the school system in the State, before he leaves for Sacramento this evening.

Mr. Wood said that he does not consider the scale suggested by the Citizens' School Survey Committee too much. He said that the Supervisors in the counties in all parts of the State are ready to increase the tax levies to the limit and that many in view of the fact they could not make a higher rate, have increased the assessed valuation for school purposes, thus raising more money.

Mr. Wood said that the public does not want the standard or efficiency of the schools lowered and that public sentiment is with the teachers in the fight to keep the reputation of the California schools at its present point.

"As an administrative head of the State school system, I cannot join in this fight with you, but at any time if I am asked by the properly constituted authorities to express my views and to offer suggestions on ways and means to relieve the situation, I shall be very happy to do so," he concluded.

Supt. Keppel reviewed the situation of the teachers and the purchasing power of the dollar and showed by comparative figures that the salaries announced by the board as compared to those of 1913-14 was, in reality, a reduction. He said that no such crisis as the present one has ever faced the city and that coupled with this is the unparalleled condition of a majority of the taxpayers willing to pay an increased tax levy. He said that he feels that when the Board of Education thoroughly understands the situation they will co-operate with the county officials in an additional fund.

That the Los Angeles board is not co-operating with the Supervisors to raise the rate of the Supervisors did not mean, Supt. Keppel said, that the board is not co-operating with the county officials in an additional fund.

What Delay May Mean to Owners of Small Cars

The present demand for Goodyear Tires in the 30x3-, 30x3½- and 31x4-inch sizes exceeds anything in our experience, and is steadily showing increase.

Not even our operation of the world's largest tire factory devoted to these sizes allows us to guarantee to supply all needs for them this year.

We counsel you to buy Goodyear Tires and Heavy Tourist Tubes now, for your Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, as delay may mean disappointment later.

The safest means to enjoy true Goodyear mileage and economy on your car this summer is to visit your Goodyear Service Station Dealer today.

30x3¼ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30x3¼ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50

30x3½ size in waterproof bag

REHEARSES KILLING AGAIN

Capt. Charles L. Stokes, who pleaded guilty to the slaying of Dr. Ernest E. Roberts, because, he said, the latter was trying to win the love of his wife, Mrs. Josephine Stokes, went over the scene of the tragedy, yesterday, with the assistance of Lusk and George Contreras, an investigator for the District Attorney, who walked the streets of the city on Wilshire Boulevard to a garage at 3400 Pike street and to the home of Mrs. Mary M. Dunkelberg, from where he telephoned the police. The walk was taken to check

up on the time it took Capt. Stokes to take the man's walk after he had slain Dr. Roberts. According to the officers, the time tallied with the account given by Capt. Stokes and was in his favor.

Capt. Stokes, who pleaded guilty in order to save his wife and children the publicity attendant upon such a trial, has applied for probation.

[LOCAL CORRESPONDENT.]

FRESNO, June 18.—George Holm, aged 34 years, was crushed to death in a freight elevator in the Mason Building yesterday while at work collecting rent. He was the janitor of the building and was alone when the accident leaves a wife and two small children.

PILES AND FISTULA CURED WITHOUT AN OPERATION

If you are so unfortunate as to suffer from **PILES** and **FISTULA** you should receive the news that immediate relief can be had and an ultimate cure effected without the use of chloroform or the knife—without the expense and waste of time of going to the hospital, and absolutely without risk.

Our **PAINLESS DISSOLVENT TREATMENT** is the most successful treatment yet devised. It is well worth trying. Write, call or write for booklet. Ask us for testimonials of cures. Do it today.

you more and more how *greatly* you prefer Camels blend to either kind of tobacco smoked straight. It's a fact *you'll prove out for yourself* that never have you smoked a cigarette so satisfying, so enjoyable, so always appetizing as Camels!

Camels' popularity in every corner, bush and burg in the nation is the most convincing proof that they are *made to meet your taste!* For your own real satisfaction, compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents; or ten packages (200 cigarettes) in a glass or paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

R. J. Reynolds Tobacco Co. Winston-Salem, N.C.

Million
half million con-
city and water. It
this company that
ent in.
